

Mission Statement for Municipal Maintenance

The Municipal Maintenance Department oversees the towns' highway, tree, park cemetery, and building departments, as well as, the Wareham Water Pollution Control Facility. These duties and responsibilities include:

Highway Dept: Maintenance of all streets and roadways throughout the town of Wareham. Maintenance includes reconstruction, paving, and drainage, patching of potholes, sweeping catch basin cleaning, and grading of gravel roads. This department is also responsible for plowing and sanding in the snow and ice season.

Tree Dept: Trimming of trees, removal of damaged or diseased trees on town property.

Park Dept: Maintenance and care of Town owned parks, fields, playgrounds, and beaches and boat ramps.

Cemetery Dept: Maintenance and care town cemeteries which include: Long Neck, Agawam and Centre Cemeteries. Duties also include sales of lots, grave openings, burials and perpetual care.

Building Dept: Maintain all won owned buildings, as well as, providing custodial services.

WPCF: Responsible for the operation of 1.6 MGD Plant and 29 Pump Stations.
