

Town of Wareham

Marine Resources Commission

Meeting date: May 11, 2016

Attendees: Larry Bearse, Warren Hall Jr., Don Jepson, Jim Smith

The meeting opened at 7:00 PM

The meeting notes for the April meeting were read and approved.

Garry Buckminster e-mailed earlier in the week that he would not be able to attend the May MRC meeting as he would be out of town attending a seminar required for recertification. Hence, there was no updates from him regarding projects with which he is involved.

A brief discussion was held regarding dredging of the Wareham River channel. The question was raised whether a letter had been sent from the selectmen to the Army Corps of Engineers. The chairman responded that no acknowledgment, nor feedback, had been received by the Marine Resources Commission to the advisory letter they had sent to the selectmen.

The meeting was adjourned at 7:30 PM.

I attest these are the true MRC minutes of the meeting held May 11, 2016.

Donald H. Jepson, Chairman
