Director's Report:

The Director of Municipal Maintenance stated that there was one full burial since the last meeting and that a portion of the Agawam Expansion is almost cleared and the ground level. He stated in the spring the Expansion will be all prepped and ready for planting grass.

The Cemetery Commissioners offered the department a nice compliment on the great job the Municipal Maintenance has done clearing and cleaning up the Agawam cemetery of leaves and various types of debris. Mr. Menard said, Once Agawam is finished, the Director plans on moving onto Centre and Long Neck cemeteries and cleaning those up as well, while the weather is still nice.

The Director also plans to install the cemetery signs in the spring after the earth has thawed.

The Cemetery Commissioners agreed to insert an article into the April Town Meeting to request monies from the Sale of Lots and Graves account which will be used to purchase cemetery materials, as well as, the contracting services of Tom Daley of Cemetery Helpful Solutions to offer cemetery consulting services. The Cemetery Commissioners will review Mr. Daley's contract proposal and discuss it further at the next meeting.

The meeting adjourned at 8:17 a.m.

Next meeting will be held on, Thursday, February 21, 2019 at the MMD at 8:00 a.m.
