Status of Existing Projects – Bike Path Update

Michael Langford of the Bike Path Committee noted the original \$200,000 grant for engineering from CPC in 2010. Due to many unforeseen changes there has been no opportunity to use the funding. The state is now in redesign. The proposed pathway between the Narrows on Minot Ave. to Onset Ave. has been granted and the committee is requesting the CPC funds to start the process. Issues include widening the roadway, improving signage and re-designing the intersection at the corner of Minot Ave and Depot St. Discussion followed concerning other pathway sections and the possibility of obtaining an easement from Eagle Holt.

Report for Town Meeting: Slavin distributed the financial report for Town Meeting.

Website: has been updated on Town page.

Invoices: approved for Town Hall Roof, Agawam Village plumbing, School Tennis Courts, Public Hearing notice.

Minutes 8/24/16: Slavin moved approval of minutes, Barrett seconded. Vote 5-0-1.

Former Meetings: 9/14/16, Joint meeting with FinCom on CPC Articles.
9/28/16 meeting cancelled.

December 13, 2016 deadline: Suggestion made to ask BoS to promote date for submitting CPC proposals for Spring Town Meeting.

Mrs. Slavin left meeting at 6:50pm.

Next Meeting: November 9, 2016. No meeting, October 26th.

Adjournment: motion made and accepted to adjourn at 7:02pm.

Respectfully submitted by Sherbie Worthen, clerk, Community Preservation Committee
