You must attach a copy of the registration or documentation to this request or it will be declined.
- If the new boat is larger than the current boat, the request will be reviewed and additional information may be required. The department will require a site visit to evaluate the appropriateness of the new boat. Note: all approvals of larger boats are conditional. Tackle must meet the specifications for the new vessel prior to occupancy.
- Weight may not be added to a smaller anchor to reach the town minimum requirement. The mooring system must be upgraded to meet the minimum required standards for the vessels size.
