

**WHDC MEETING
MAY 17, 2018
TOWN HALL RM 24, 6:10**

PRESENT: Bob Blair, President, Cheryl Knapp, clerk, Paul Ciccotelli, vice President, Carolyn McMorrow, Patty Neal
Guests: Angela Dunham, Nan Miller

Discussion of progress of HD mapping:

Center Park HD -draft boundaries were discussed as not exact, the original map done by Rowley has no measurements numbers on it, the new draft is more accurate but still approximate and a good start to be recorded at the registry of deeds, it shows measurements and lines of the district but is not a meets and bounds survey. JC Engineering needs to include all the structures on each lot; lot 1038 #1 Park St, map 61 please review for structures on the lot to verify locations in the district. Structures that are shown (aerial photos seem to show additional structure on 1 Park Street is not shown on the map)

Parker Mills HD:

Buildings placement on the property lot B1 are not accurate as the waterway is not large enough, based on arial photos; otherwise it looks accurate as far as boundaries.

Narrows Village HD: Sheet 3 of 4: the map is not as accurate as the Aerial view from Mapsonline by PeopleGIS picture. Lots are not accurately shaped- map 47 Lots 1121 & 1122A.
Sheet 4 of 4: Lots look more accurate and buildings are placed correctly.

Besse Park- looks accurate as far as borders

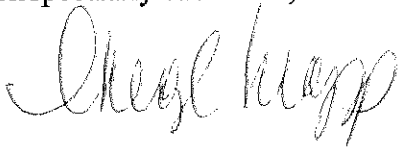

Tobey Homestead- the district boundary and the homestead are not accurate, the boundary is much bigger than shown. Merolla Chiropractic is questionable, the lines are not exact for the boundary and the structure placement is not accurate.

Discussion regarding usage of Town Green(Center Park):

Angela has a schedule of events that may use the park and on which days and the regulations regarding the usage of the park.

Meeting adjourned at 8:30 PM

Respectfully submitted,

Cheryl Knapp, Clerk
