No new news on potential CR holder, still waiting for certain info to be submitted.
5. New Business-
Signage and scorecards will be delegated to the new management company. Possibility of setting up a 501 c3 to provide golf to kids that may not be able to afford lessons and clubs. There are other entities in the town that maybe a better option than a 501 c3 to be run by the town and fill this need.
The management company may already have something in place for junior golf so let's not put the cart before the horse.
6. Meeting time and day
We will meet for the foreseeable future on Wednesday's at 4:00 beginning on 4 May. Next meeting will be on Sat Apr 23 at 4:00 PM Wed May 4 at Little Harbor Golf Course.
7. If Little Harbor Golf Course is without an operator and is not functioning as a golf course. It will be part of the CR to determine how long it would be non functioning before other uses were designated for it. Our hope is that the Buzzards Bay Coalition would be assisting in that determination.
