Mike reported that he and Eamon visited the forest on the first really cold day. Their plan was to GPS trails, using phone/software to go through half of the trails. They plan to go out again on 1.10.20 and report back with suggestions.

They will go out to the Eastern section of the forest, and have mapped most of Southern section. Near body of water, they saw arrows marked into ground, and didn't know whether they led to a house or something else.

Mike will meet with Garry to be on the same page with DNR and grant proposal. He will report at next meeting. Kevin will make a shape map. Forest Management Plan 2010 was given to Mike. The stand of dead red pines near cemetery was mentioned. Mike left meeting at 5:55pm.
