OFFICE OF THE TOWN ADMINISTRATOR
54 Marion Road
Wareham, MA 02571

FOR IMMEDIATE RELEASE

March 15, 2020

COVID-19 Update 2

Good evening,

After reviewing the additional measures issued by Governor Baker the Town is taking the following action to support social distancing and help mitigate the spread of COVID-19:

1. Effective immediately all Town buildings including Wareham Town Hall will be closed to the public. Staff will report to work and be available to provide services and inquiries. We will continue to offer local governmental and essential functions. However, some services may be limited. The general number for Town Hall is (508) 291-3100 and when prompted press 1 to hear the departmental directory.
2. Septage haulers should contact the Water Pollution Facility main office for new procedures. (508) 295-6144

We do not take these measures lightly and understand that they can be disruptive to the residents of our community. However, we believe them to be the correct ones for the safety of our residents, staff, volunteers and board and committee members.
