

# Your Vote Counts!

- Each eligible voter has a ResponseCard keypad.
- For each motion push the button with the number that corresponds with the vote you wish to cast – 1/A is Yes; 2/B is No.
- If you push the wrong button, that's ok, the last button you push before voting is closed is the vote that will register.
- The ResponseCards will only work in this presentation –
- Things they will **NOT** do: change the channel on your TV; open your garage door...
- Please return it when you leave.

Successful "Yes" vote.  
Green light and 1/A  
on LCD screen.

Successful "No" vote.
