## Program information for staff: Wareham Community Electricity Aggregation program

- A town-run program, which started in 2019 provides Wareham residents with electricity choices and known rates for electricity supply through December 2023.
- Most residents and businesses already participate in Wareham CEA, and enrollment is open to anyone in town
  - Electricity customers who are currently enrolled with a third-party supplier will not receive the opt-out letter and will not be automatically enrolled. These customers can voluntarily join the program but may be subject to penalties or early termination fees from the third-party supplier if they switch to the electricity aggregation program during the term of their contract.
- The program periodically sends enrollment letters (also called sweeps or opt out letters) to new electricity customers.
  - Customers will be automatically enrolled, unless they choose to opt out before the date on the letter.
  - The letters will have a return address in Houston, TX, the location of the program's electricity supplier, Constellation.
- Program details are at [WarehamCEA.com](http://WarehamCEA.com)
- **You can forward any questions or customer inquiries to Good Energy, the consultant for the program, at [support\\_ma@goodenergy.com](mailto:support_ma@goodenergy.com) or 844-627-7232.**
