RE: Site Plan Review - BE RE, LLC, c/o Beals & Thomas Inc. - 0 North Carver Road

This project requires the filing of a Notice of Intent with the Conservation Commission so that a public hearing can be held before the Conservation Commission to review the proposed project under applicable wetlands laws. Thus far, a Notice of Intent has not been submitted to the Conservation Office for this project. Therefore, the plans currently before the Planning Board may be subject to change once the project is formally reviewed by the Conservation Commission. Please contact me with any further questions.
