Mr. Obrien,

Onset received a phone message asking me to give you a call. Onset Water is waiting for the final items to be submitted to complete the pre -submittal phase of Settler's Glen water service application. Please send the remaining information and plans, so that we can move forward with the process. I have copied Sean Osborne of OSD Engineering, if you or your engineer have any questions regarding the outstanding items, feel free to inquire.

Thank you,

Dave Candeias
