Monique,

This is to request that the Planning Board Public Hearing in connection with above-entitled matter be continued to July 7, 2022. As always, the consideration of the Planning Board and the Planning and Community Development Department is appreciated.

Of course! Just please send me a separate email stating that you would like to request a continuance from June 27th to July 7th.

I can get it stamped into the Clerk's office, and you'll be all set.

Very best,
