RE: 0 Route 25 Solar Array

Dear Mr. Buckland,

I have recently reviewed the revised drawings that indicated specific location for (3) concrete pads. These equipment pads will be used for an Energy Storage system, inverters and a transformer. The site plan provided shows access to the area that is required by 527 CMR 1.00 Chapter 18 therefore we have no additional comment.

If you have any further questions regarding this project, please feel free to contact our office.

Respectfully,

Captain Christopher Smith
Fire Prevention
