To: Sonia Raposo <sraposo@wareham.ma.us>;

Sonia,

The True Storage matter is currently on the Board of Appeals agenda for Wednesday, February 22. A copy of the initial peer review was forwarded to my client. Upon my client's receipt of the peer review, it was determined that in order to provide the information and materials requested by Allen & Major, it would be necessary to request a continuance of the site plan review hearing from February 22, 2023, to March 22, 2023. Upon my receipt of this information this morning, I contacted Jim Eacobacci, who is acting as chairman in Mr. Elkalassi's absence, and informed him of the need to continue the case. Mr. Eacobacci indicated that the continuance of site plan review from February 22 to March 22 would be acceptable to the Board.

This email is intended as documentation of the request of my client, True Storage of Wareham, to continue the hearing on the site plan review from February 22 to March 22 at 6:30 P.M. As a result of this request and in accordance with my conversation with Mr. Eacobacci, it is my understanding that this request for continuance can be handled administratively, and there will be no need for either my client or myself to appear on February 22. If you have any questions, please call our office.
