Typically it is required that an applicant get a Negative Determination or an Order of Conditions from the Conservation Commission for a project of this nature. Thus far, neither has been applied for, or issued by the Commission. It is my opinion that the project is outside the jurisdiction of the MA Wetlands Protection Act and the Town of Wareham Wetland Protective By-law, though that is not a formal decision from the Conservation Commission, as is required under Article 15, section 1551 of the Zoning By-laws. Please contact me if you have any further questions on this project. Thank you.
