Dear Mr. Buckland,

We have reviewed the proposed special permit modification for the Lowe's Tool Center, and we have the following concern. This business has always had a spring seasonal issue with impeding the fire lanes and access to the building. The current use for the proposed area is storage of lumber, sheds and fencing. We are concerned that this new addition will impede our access to and around Lowe's.

If you have any further questions regarding this matter, please feel free to contact our office.

Respectfully,

Captain Christopher Smith
