**RE: 718 County Road**

Dear Sir:

I have reviewed your permit request for the construction of a three car garage at 718 County Road.

Section 625 Note 2 requires that the front setback of an accessory building be no less than the setback of the principle dwelling. Your project as planned will require a variance for this section of the by-law.

You have thirty days in which to appeal this decision or seek approval for the project through the Zoning Board of Appeals.

If you have any questions on this matter please contact my office.

Sincerely,

David R. Moore
