

Subject: Letter for James and Cheryl Enos

25 October 2020

Wareham Building Inspector,

I am an abutter for James and Cheryl Enos's property on 41 Riverside Drive, Onset MA. It has been brought to my attention that their recent submission for building plans has been denied. I am writing this letter in support that these plans be implemented as is.

My wife Catherine and I have reviewed the current plans as well as have discussed them in detail with my neighbor's the Enos's. The footprint and height are more than acceptable. We like the plans and are excited about the grade changes which will improve the aesthetics of both our properties.

The Enos family and mine have been great neighbors for over 50 years. We look forward to James and Cheryl becoming permanent residents of our neighborhood and we support the building of their new home 100%.

To Whom It May Concern:

Having known and been abutting neighbors to the Enos family at 41 Riverside Drive, Onset, for decades, we have no opposition whatsoever to the demolition and rebuilding of 41 Riverside Drive.

If any further information is needed or requested, please do not hesitate to contact us.

Thank you.
