Dear Mr. Buckland,

We have reviewed the revised plan submittal and peer review notes for 386 Main Street and have the following comments. Peer Review comments #9 and #10 align with the current code requirements. NFPA 1 (527 CMR 1.00) Chapter 18 states Fire Department Access Roads shall be a minimum width of 20 feet. Please label the radii at the main entrance on High Street. Regarding Peer Review comment #19, the revised plan submittal does provide an acceptable turnaround for fire apparatus. If you have any further questions regarding this application, please feel free to contact our office.

Respectfully,

  
Christopher Callinan
