RE: Master Millworks

The Conservation Commission held a public hearing at its meeting on August 5th, 2020, to review the proposed project by Master Millworks at 55 Charge Pond Road. The Commission determined that the project is outside the jurisdiction of the state and local wetlands laws. Therefore, no further review by the Conservation Commission is required. A Determination of Applicability formally stating those findings will be mailed to the applicant. Please contact me if you have any further questions.
