**REPORT OF THE BOARD OF SELECTMEN  
Chairman's Report for April 2014 – April 2015**

The 2014/2015 years saw many changes and initiatives come to positive fruition. Our relationship with the DOR was upgraded from watch list to a full compliance community. Our tax rate was set well before the State imposed deadline. The Town Budgets, through the co-operative work between the School Committee, Finance Committee and the Board of Selectmen, plus the work of the Town Administrator, School Superintendent and School Business Manager, brought forth a balanced budget to Town Meeting. The Town Meetings (Spring 2014, Fall 2014 and Spring 2015) with the input of our Town Moderator and Town Counsel continued the turnaround as positive events for our voters. Through the generosity of Bridgewater State University, and the A.D. Makepeace Company, we were able to have Northeastern University provide their EDSTAT economic analysis evaluation program for the Town. This study will provide superior guidance for our Master Plan Committee. The Town is reviewing all Town owned properties to develop a program to either develop or sell unused or unneeded properties.

Unfortunately, due to budget restraints the Council on Aging continues to struggle. However, positive changes are occurring with a new COA board which took over in early 2015. The Veterans council is newly energized after the unfortunate passing of three of its members. The Library was decertified due to funding numbers and hours. The Library Board of Trustees, the Friends of the Library, The Foundation, Town Administrator/Library personnel and the Board of Selectmen are working to restore the Library status. The Foundation has hired a firm to assist in this endeavor. Our cable TV station WCTV is looking to enlarge their current facility at Old Town Hall. We have made progress in increasing our revenue stream through commercial development, medical care facilities, a new hotel, new retailers and expansion programs. A major new housing development at the Bay Pointe Golf Club is working its way through the approval process. Our Water Pollution Control Facility, through the Sewer Commissioners, is developing a new user based system for charging its customers. We were able to start the road to Commuter Rail Service by getting the CapeFlyer to stop in Wareham.

Trash and litter have become a serious issue throughout the Town and the Commonwealth. A group of citizens formed a committee "Don't Trash Wareham". Through its work, including signs, banners and forming designated area cleanup groups positive results are emerging. Police Chief Walsh and his Department continue to serve the community in a positive way. The Department has taken a leading role in the opioid epidemic that confronts the cities and towns throughout Massachusetts.

Future long term plans:

The Selectmen and the Town Administrator are looking at the following long term plans and initiatives: Finding a location for Senior housing and affordable Senior housing; appropriate home for the Council on Aging, Boys & Girls Club and WCTV. We are exploring avenues to create a new Community Center, possibly in conjunction with the Library, converting the current Merchant's Way Train Station into an attractive retail facility, replacing the gazebo at Onset Bluffs, building a new gazebo in Besse Park and repairing the bandshell in Onset. We also hope to develop a Wareham Historical Park on Elm Street which would encompass many of Wareham's Historic buildings as well as create access to the Waterfront. We need to provide a permanent home for the Cape Verdean Cultural Center as well as the Buzzards Bay Coalition project for Onset & Wicket's Island. Digital signs in Onset and Wareham Village will list Town and non-profit events. The plan is to bring Commuter rail to West Wareham and Wareham Village, as well as to provide a centrally located bus station.

We need goals to strive for. Not all will happen, but we need to try.

Alan H. Slavin  
Chairman

**REPORT OF THE TOWN CLERK  
TO THE RESIDENTS OF WAREHAM:**

We are fortunate to not only live in the community of Wareham but to assist the residents in every way possible. The Town Clerk's Office remains vigilant in providing quality service in a courteous and timely fashion.

With the assistance of our Animal Control Officer, we continue to assist our residents in licensing their dogs in a suitable timeframe. Our program runs calendar year, not fiscal year, and has done so since 1999. Our licensing period is from January 1<sup>st</sup> through to December 31<sup>st</sup> of each year. We did not have the funds to send out post cards reminding dog owners to license their dogs. However, we always advertise in local newspapers, on our website, and on all census forms, which are mailed yearly to all residents. Licenses are usually available around the second week in December, for those early birds interested in beating the rush. So far this year we have licensed 1,974 dogs for 2015.

We recognize and thank Cheryl Gorveatt-Dill, Animal Control Officer, for her assistance, as she continues to make a concerted effort to encourage dog owners to respect the law, and license their dogs. Late fees for renewals do not go into effect until April 1<sup>st</sup> (up \$10) and June 1<sup>st</sup> (up \$10). However, on August 1<sup>st</sup> and after, the late fee is a flat \$50 for renewals on any and all dogs. New registrations remain \$10 for a neutered animal and \$13 for unaltered animals, and there is no charge for specially qualified dogs, upon receipt of verification from the owner. All animals being licensed must have a valid rabies certificate on file. Seniors who are 70 years or older, with proof of age, get **one** free license per household per year; however, the late fees are still in effect if they license their dog after April 1<sup>st</sup>. Any resident unable to get into the office, can always license their dog by mailing a copy of their rabies certificate, a check or money order payable to the "Town of Wareham" and a self-addressed, stamped envelope. We would mail the license back; unfortunately, not the hook, as it is too bulky. Please call our office with any questions or concerns.

This is the seventh year that the Town Clerk's Office has been involved in the Senior Work-Off Program. Our ladies completed their sixty-two and a half hours, and we would like to extend a heartfelt thank you for their loyalty and hard work. As was stated last year, these Senior Ladies are and continue to be an asset in making the Town Clerk's Office more efficient in catching up on some of the many smaller tasks that get pushed to the side during our busy times.

Due to budget constraints, we are unable to mail reminders to our business community regarding renewal of Business Certificates. Business Certificates are required for any entity conducting business in the Town of Wareham. According to Chapter 110, Section 5, of the Massachusetts General Laws, businesses should be registered with the town; i.e. this would include any corporation and/or partnership. Business certificates cover a period of four years from the time of application. The fee for the Business Certificate is \$50. Anyone who may be conducting a business now should check your business certificate, which would expire this year if you first applied in 2011. Take the time to check and make sure your certificate is current. Business Certificates should always be available to any patron and/or customer asking to view same. We suggest to anyone who applies to place their business certificate in a frame and make it visible to their clientele.

We enjoyed a successful year regarding town meetings, beginning in October 2014 and ending with our April 27, 2015 Annual Spring Town Meeting/Special Town meeting. Our fall Town Meeting, which was held on October 27, 2014, ended on a positive note. We also successfully navigated our Town election on April 7, 2015, which included two questions in order to amend the Town Charter. We also received two

state mandates regarding the newest elected board in town; the Board of Sewer Commissioners, which are now responsible for overseeing our Water Pollution Control Facility. As far as state elections, 2015 was an off year. The next state election in 2016 would be March 1, 2016, which is the first Presidential Primary.

After traversing all the town meetings and elections, we then turned our attention and concentration to the other demanding and pending matters of the Town Clerk's Office, i.e. town census; finishing up town meeting articles, our part of the town report, getting the street list printed, binding old records; reorganizing our safe; continued work on the CVR system; catching up on raffle permits, business certificates and dog licenses. We have the new system for birth records, which is now done via the internet between the Hospital and the Clerk's Office. We have also successfully learned the new system for death records, which went into effect October 1, 2014. With the new system for death records, it was required that the Town Clerk be appointed as the Town's Burial Agent. This duty was transferred from the Board of Health Agent to our office as part of the new system and requirements. The Town Clerk, with the change in the open meeting law and the ethics law, is responsible for ensuring that the town is compliant. The Clerk's Office must track town employees, school employees, and district employees regarding notification and testing in regard to open meeting and ethic laws. Our Central Voter Registry System has continued to enforce the tracking of voters who fail to answer an annual census and making voters inactive until they do so. If you have not answered a census for more than two years, please call our office to check your status. Also, CVR, Secretary of State Elections Division, has also implemented the new procedure for cross checking voters who are registered in another state and in the state of Massachusetts. If you have recently moved, please contact your former community clerk and let them know about the move, as this will alleviate duplicate records.

Over the years the demand for genealogy has not wavered. The curiosity regarding our past continues to take on a life of its own. On many occasions, we are asked to access old records regarding births, marriages and deaths. We also spend an inordinate amount of time researching town meeting and election records with limited delay in turn-around time.

Unfortunately, with the continued budget constraints, the Clerk is limited in attending all the Clerk's Conferences. However, I continue to attend local trainings when sponsored by the Town of Wareham, training via the website, and I continue to maintain my memberships with many of the Town Clerk Associations.

I would also like to take this opportunity to extend a "**Thank You**" to Donna J. Rhodes, Assistant Town Clerk, for her immeasurable support and outstanding service to the Town of Wareham and our residents. Donna J. Rhodes exemplifies the true meaning of loyalty and support.

Finally, one should always give thanks for the Blessings they receive and always say "Thank you." So a sincere "Thank You" to the residents of Wareham for their continued faith and overwhelming support during the past seventeen years.

Your Town Clerk's Office invites your questions or concerns and reminds everyone that we can be reached by telephone at 508-291-3140 or by the following methods: [masilva@wareham.ma.us](mailto:masilva@wareham.ma.us) or [clerk@wareham.ma.us](mailto:clerk@wareham.ma.us). My assistant can also be reached at [drhodes@wareham.ma.us](mailto:drhodes@wareham.ma.us).

Wishing all true blessings!

Respectfully submitted,

Mary Ann Silva, Town Clerk

**Question 1**

**Law Proposed by Initiative Petition**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 6, 2014?

**SUMMARY**

This proposed law would eliminate the requirement that the state’s gasoline tax, which was 24 cents per gallon as of September 2013, (1) be adjusted every year by the percentage change in the Consumer Price Index over the preceding year, but (2) not be adjusted below 21.5 cents per gallon.

**A YES VOTE** would eliminate the requirement that the state’s gas tax be adjusted annually based on the Consumer Price Index.

**A NO VOTE** would make no change in the laws regarding the gas tax.

<b>YES</b> .....	<b>3,689</b>
<b>NO</b> .....	<b>3,255</b>
<b>BLANKS</b> .....	<b>241</b>
<b>TOTAL</b> .....	<b>7,185</b>

**Question 2**

**Law Proposed by Initiative Petition**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 6, 2014?

**SUMMARY**

This proposed law would expand the state’s beverage container deposit law, also known as the Bottle Bill, to require deposits on containers for all non-alcoholic non-carbonated drinks in liquid form intended for human consumption, except beverages primarily derived from dairy products, infant formula, and FDA approved medicines. The proposed law would not cover containers made of paper-based biodegradable material and aseptic multi-material packages such as juice boxes or pouches.

The proposed law would require the state Secretary of Energy and Environmental Affairs (EEA) to adjust the container deposit amount every five years to reflect (to the nearest whole cent) changes in the consumer price index, but the value could not be set below five cents.

The proposed law would increase the minimum handling fee that beverage distributors must pay dealers for each properly returned empty reusable beverage container, which was 21/4 cents as of September 2013, to 31/2 cents. It would also increase the minimum handling fee that bottlers must pay distributors and dealers for each properly returned empty reusable beverage container, which was 1 cent as of September 2013, to 31/2 cents. The Secretary of EEA would review the fee amounts every five years and make appropriate adjustments to reflect changes in the consumer price index as well as changes in the costs incurred by redemption centers. The proposed law defines a redemption center as any business whose primary purpose is the redemption of beverage containers and that is not ancillary to any other business.

The proposed law would direct the Secretary of EEA to issue regulations allowing small dealers to seek exemptions from accepting empty

deposit containers. The proposed law would define small dealer as any person or business, including the operator of a vending machine, who sells beverages in beverage containers to consumers, with a contiguous retail space of 3,000 square feet or less, excluding office and stock room space; and fewer than four locations under the same ownership in the Commonwealth. The proposed law would require that the regulations consider at least the health, safety and convenience of the public, including the distribution of dealers and redemption centers by population or by distance or both.

The proposed law would set up a state Clean Environment Fund to receive certain unclaimed container deposits. The Fund would be used, subject to appropriation by the state Legislature, to support programs such as the proper management of solid waste, water resource protection, parkland, urban forestry, air quality and climate protection.

The proposed law would allow a dealer, distributor, redemption center or bottler to refuse to accept any beverage container that is not marked as being refundable in Massachusetts.

The proposed law would take effect on April 22, 2015.

**A YES VOTE** would expand the state’s beverage container deposit law to require deposits on containers for all non-alcoholic, non-carbonated drinks with certain exceptions, increase the associated handling fees and make other changes to the law

**A NO VOTE** would make no change in the laws regarding beverage container deposits.

<b>YES</b> .....	<b>1,531</b>
<b>NO</b> .....	<b>5,531</b>
<b>BLANKS</b> .....	<b>123</b>
<b>TOTAL</b> .....	<b>7,185</b>

### **Question 3**

#### **Law Proposed by Initiative Petition**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 6, 2014?

#### **SUMMARY**

This proposed law would (1) prohibit the Massachusetts Gaming Commission from issuing any license for a casino or other gaming establishment with table games and slot machines, or any license for a gaming establishment with slot machines; (2) prohibit any such casino or slots gaming under any such licenses that the Commission might have issued before the proposed law took effect; and (3) prohibit wagering on the simulcasting of live greyhound races.

The proposed law would change the definition of “illegal gaming” under Massachusetts law to include wagering on the simulcasting of live greyhound races, as well as table games and slot machines at Commission-licensed casinos, and slot machines at other Commission-licensed gaming establishments. This would make those types of gaming subject to existing state laws providing criminal penalties for, or otherwise regulating or prohibiting, activities involving illegal gaming.

The proposed law states that if any of its parts were declared invalid, the other parts would stay effect.

**A YES VOTE** would prohibit casinos, any gaming establishment with slot machines, and wagering on simulcast greyhound races.

**A NO VOTE** would make no change in the current laws regarding gaming.

#### **Question 4**

##### **Law Proposed by Initiative Petition**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 6, 2014?

##### **SUMMARY**

This proposed law would entitle employees in Massachusetts to earn and use sick time according to certain conditions.

Employees who work for employers having eleven or more employees could earn and use up to 40 hours of paid sick time per calendar year, while employees working for smaller employers could earn and use up to 40 hours of unpaid sick time per calendar year.

An employee could use earned sick time if required to miss work in order (1) to care for a physical or mental illness, injury or medical condition affecting the employee or the employee's child, spouse, parent, or parent of a spouse; (2) to attend routine medical appointments of the employee or the employee's child, spouse, parent, or parent of a spouse; or (3) to address the effects of domestic violence on the employee or the employee's dependent child. Employees would earn one hour of sick time for every 30 hours worked, and would begin accruing those hours on the date of hire or on July 1, 2015, whichever is later. Employees could begin to use earned sick time on the 90<sup>th</sup> day after hire.

The proposed law would cover both private and public employers, except that employees of a particular city or town would be covered only if, as required by the state constitution, the proposed law were made applicable by local or state legislative vote or by appropriation of sufficient funds to pay for the benefit. Earned paid sick time would be compensated at the same hourly rate paid to the employee when the sick time is used.

Employees could carry over up to 40 hours of unused sick time to the next calendar year, but could not use more than 40 hours in a calendar

year. Employers would not have to pay employees for unused sick time at the end of their employment. If an employee missed work for a reason eligible for earned sick time, but agreed with the employer to work the same number of hours or shifts in the same or next pay period, the employee would not have to use earned sick time for the missed time, and the employer would not have to pay for that missed time. Employers would be prohibited from requiring such an employee to work additional hours to make up for missed time, or to find a replacement employee.

Employers could require certification of the need for sick time if an employee used sick time for more than 24 consecutively scheduled work hours.

Employers could not delay the taking of or payment for earned sick time because they have not received the certification. Employees would have to make a good faith effort to notify the employer in advance if the need for earned sick time is foreseeable.

Employers would be prohibited from interfering with or retaliating based on an employee's exercise of earned sick time rights, and from retaliating based on an employee's support of another employee's exercise of such rights.

The proposed law would not override employers' obligations under any contract or benefit plan with more generous provision than those in the proposed law. Employers that have their own policies providing as much paid time off, usable for the same purposes and under the same conditions, as the proposed law would not be required to provide additional paid sick time.

The Attorney General would enforce the proposed law, using the same enforcement procedures applicable to other state wage laws, and employees could file suits in court to enforce their earned sick time rights. The Attorney General would have to prepare a multilingual notice regarding the right to earned sick time, and employers would be required to

post notice in a conspicuous location and to provide a copy to employees.

The state Executive Office of Health and Human Services, in consultation with the Attorney General, would develop and multilingual outreach program to inform the public of the availability of earned sick time.

The proposed law would take effect on July 1, 2015, and states that if any of its parts were declared invalid, the other parts would stay in effect.

**A YES VOTE** would entitle employees in Massachusetts to earn and use sick time according to certain conditions.

**A NO VOTE** would make no change in the laws regarding earned sick time.

**PLANNING BOARD REPORT:**

“Madam Moderator, George Barrett, Chairman of the Planning Board. We did hold a public hearing on this on October 20, 2014, at which time we heard pretty much the same presentation from the proponent’s attorney and a little more detail into the site and their intent. There was no other public input at that time. Later in the evening the Planning Board voted 3-1-0 not to support the article based on recognition of previous votes where this body voted not, they didn’t want any more gas stations. To the Proponent’s credit, he had submitted a good plan to the Planning Board with what appears to be a quality developer, but we felt that previous votes of this body were pretty loud in stating that they did not want to see any more gas stations in town.

The other point that we made was that the bylaw change was so narrow in its scope that one could make the argument that it was spot zoning, and we did not get an actual ruling on that, but that was one concern.”

**THIS IS THE INFORMATION THAT APPEARED AND WAS PRINTED ON THE SCREEN**

I move that the Town vote to amend Article 3 of the Town of Wareham Zoning By-laws (“Use Regulations”) to permit “filling stations for gasoline, diesel fuel, and liquid propane” by Special Permit from the Zoning Board of Appeals in the General Commercial (CG) Zoning District under certain conditions as described below; or take any action thereto.

Amend Article 3 “Use Regulations”, Section 320 “Table of Principal Use Regulations” as follows:

**320 TABLE OF PRINCIPAL USE REGULATIONS**

	R130	R60	R43	R30	MR30	WV1	WV2	OV1	OV2	CS	CG	CP	CNF	MAR	INS	IND
<b>COMMERCIAL USE</b>																
Filling stations for gasoline, diesel fuel, liquid propane	N	N	N	N	N	N	N	N	N	N	<del>N</del> SPZ *	N	N	N	N	N

Add to Article 3 “Use Regulations” the following section:

**397 GENERAL COMMERCIAL (CG)**

**397.1 Filling Stations for Gasoline, Diesel Fuel and Liquid Propane**

- a. Filling stations are permitted by Special Permit by the Zoning Board of Appeals in the General Commercial District only when all of the following conditions apply:
  - i. Said lot must be at least one acre in size
  - ii. Said lot (or any portion thereof) must be located within 2,000 linear feet of the layout of a Federally Designated Interstate or Intrastate highway or Interstate or Intrastate highway interchange (in existence or under construction by October 2014).
  - iii. Said lot must be located on, or have direct access to Cranberry Highway (Route 28).

b. Filling stations as described in Section 397.1 above, may also by Special Permit from the Zoning Board of Appeals, provide for the sales and service of coffee and/or other beverages and pre-made bakery goods and/or related food items from a drive-through window to customers seated in their automobiles for consumption off the premises providing no indoor or outdoor seating.

**VOTE: 85 AFFIRMATIVE - 72 NEGATIVE – MOTION FAILS TO REACH A 2/3 VOTE**

**The Board of Selectmen Voted: Favorable Action 3-0-0**  
**The Finance Committee Voted: Favorable Action 5-2-0**

You are hereby directed to serve this Warrant by posting attested copies thereof on or before August 29, 2014 in at least one public place in each precinct within the Town, and by publishing a copy of the Warrant by October 9, 2014.

Hereof fail not and make sure due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

Given under our hands this 16<sup>th</sup> day of September in the year 2014.

Peter Teitelbaum reported that the town was experiencing a situation that does not happen often but can. He stated, “The Chairman of the Board of Assessors, Steven Curry, has applied for a position with the town in the Assessors’ Department. This is a Data Collector’s position. It has no bearings on the duties he performs as Chairman of Assessors. It has no bearing on the work that the Assessors do. The job is essentially to collect data, to analyze data and to provide it to the Director of the Assessing Department for use internally within the Assessing Department. Under the Massachusetts General Laws, the State Ethics Department has the responsibility to sort of supervise when an elected official can in turn work for that municipality. Mr. Curry took the time to seek out an opinion from the State Ethics Commission whether he could do this; they returned with an opinion that in fact he could do this, provided that the Board of Selectmen voted to go along with it. The Board of Selectmen last week did in fact vote to allow Mr. Curry to proceed with trying to obtain this position. We have a provision in our Town Charter, however, that leaves this up to Town Meeting to make the ultimate call on it. There are three check and balances involved in this. The first is the State Ethics Commission; that hurdle has been accomplished. The Board of Selectmen, number two in line has voted to allow this to happen and the reason for the hold is so that a motion could be made that would approve the held item, which in this case is the Assessor’s line item, and to approve the Curry appointment. So I would at this point turn it over to Attorney Bowen, so that he can amplify upon my remarks and be available for any questions about process.” Madam Moderator stated that she had a motion and a second for Mr. Curry’s appointment, and invited Town Counsel to speak. Attorney Bowen stated, “Madam Moderator, just very briefly. There are three hurdles that have to be overcome here, Selectman Teitelbaum has described them. One was approval by the Ethics Commission, which was received by email on Wednesday, January 14<sup>th</sup>. The next was Board of Selectmen approval of Section 20 exemption; that was accomplished two weeks ago. The final hurdle is an approval by Town Meeting, pursuant to Section 3-1F of the Charter. The motion before you, if voted upon favorably, would satisfy the requirements of Section 3-1F. Thank you.”

The Wareham Board of Assessors and the staff in the Assessing Department are committed to giving the residents and taxpayers of the Town of Wareham quality service in a professional atmosphere. The main objective of the office is to compile fair and equitable valuations for the purpose of taxation. The Town currently values all real and personal property. Motor vehicle and boat valuations are based on guidelines set by the Massachusetts Department of Revenue, and other State agencies.

We would like to take this opportunity to thank Barbara LeFavor for her many years of service and wish her the best as she enjoys her retirement.

The Board of Assessors adjusted the assessed values for the fiscal year 2015, in accordance with the triennial certification required by the Department of Revenue.

**REPORT OF THE BOARD OF HEALTH  
FY15  
July 1, 2014 – June 30, 2015**

To the Honorable Board of Selectmen and the Citizens of the Town of Wareham:

The Board of Health hereby submits its annual report for the fiscal period July 1, 2014 to June 30, 2015.

The Wareham Board of Health administers and coordinates public health programs and services, enforces state and local public health regulations and sanitary codes including local regulations promulgated by the Board of Health.

Our responsibilities include subsurface sewage disposal plan review, installation and construction inspections, food establishment inspections and complaints, Chapter II housing inspections and complaints, motel and swimming pool inspections, beach water testing at public and semi-public beaches. We issue construction works permits, food handlers cards, license body art establishments and body artists. The Board of Health supervises the visiting nurses, which conduct health clinics, immunization programs and communicable disease reporting, The Septic Loan Program continues to be administered by the office of Community Development and together with the Board of Health, assists approved property owners with low interest loans to upgrade failed septic systems and costs associated with abandonment of septic systems and connection to municipal sewer.

The Wareham Board of Health is affiliated with the Massachusetts Department of Public Health, Emergency Preparedness Plymouth County Regional Coalition, for purposes related to regional public health emergency preparedness including acts of bioterrorism, and outbreaks of infectious disease. The Wareham Board of Health in conjunction with State and Federal health departments have developed emergency plans binders containing Infectious Disease Emergency Plans (IDEP), Risk Communication Plans, Continuity of Operations Plans (COOP), and Emergency Dispensing Site plans (EDS), which meet requirements of the Center for Disease Control (CDC) designed to address all public health emergencies. Cape Cod Visiting Nurse Association of Cape Cod is contracted to perform programs and services including health counseling, blood pressure screenings, wellness presentations, home visits to adults/seniors, flu clinics, communicable disease surveillance and follow-up investigations. We administered annual flu vaccinations.

The Town of Wareham under direction of the Wareham Board of Health is associated with the Middleborough Area Medical Reserve Corps, serving Middleborough, Wareham, Marion, Mattapoisett and Rochester, for purposes of staffing Emergency Dispensing Sites in the event of infectious diseases or bio-terrorism incidents.

## **REPORT OF THE COMMUNITY & ECONOMIC DEVELOPMENT AUTHORITY**

The Wareham Community and Economic Development Authority (CEDA) was created by legislation enacted in 2004 and amended in 2007. CEDA is the Town's Community and Economic Development Planning Agency and has administrative responsibility and oversight for the Town's Community and Economic Development projects and initiatives. CEDA is guided by a seven member Board of Directors and two Advisory Councils. The Advisory Councils provide input to the CEDA Board while the CEDA Board provides budget oversight and planning guidance to the Director. The Board is responsible for recommending plans and actions to the Board of Selectmen for their review and approval.

The following residents have been appointed to the CEDA Board, and its Advisory Councils:

### **Community and Economic Development Authority**

Jean Connaughton	Term Expires June 30, 2018
Kat Jones	Term Expires June 30, 2018
Bob Brady	Term Expires June 30, 2017
Michael Fitzgerald	Term Expires June 30, 2017

As of this printing, there are three open seats on the Community and Economic Development Authority Board.

### **Staffing**

The current staff consists of a full-time Director, a full-time Senior Program Manager, a full-time Grants Manager, a part-time Department Secretary, and a part-time Rehabilitation Inspector. Below is a list of the individuals who currently fill these positions:

- Salvador Pina, Director
- Jaime Rebhan, Senior Program Manager
- Karen Hamilton, Grants Manager
- Paula Nord, Department Secretary
- Dan Gifford, Rehabilitation Inspector

### **Funding**

The majority of CEDA's funds come through the State's Mini-Entitlement Program Community Development Block Grant program, administered by the Department of Housing and Community Development (DHCD). During the past year CEDA received \$900,000 in grant funds from the program. CEDA used these funds to administer a Housing Rehabilitation Program, Public Social Services, Planning, and to fund infrastructure updates to the CEDA-owned building at 4 Recovery Road. CEDA also receives Program Income (PI) funds. PI funds are generated through the repayment of housing rehabilitation loans. These funds are considered Community Development Block Grant Funds and may only be used for activities that are eligible under the State's Mini-Entitlement Community Development Block Grant Program. In addition to its grant funds, CEDA also owns two properties that generate revenue on an annual basis. CEDA is a self-sufficient Town Department and receives no funding from the Town's annual budget.

### **The Housing Rehabilitation Program**

CEDA provides assistance to eligible Wareham residents who need help with correcting code violations

and rehabilitating their homes. To be eligible, a property owner must live in the property as his/her primary residence, reside in the target area and meet a low or moderate income guideline, or rent the property on a year-round basis at a federally approved affordable rate, to a tenant who meets a low or moderate income guideline. Emergency projects outside the target area may also qualify for assistance. During the past year CEDA provided assistance to eight (8) homeowners.

### **Public Facilities and Improvements**

CEDA has committed \$125,000 to make improvements to its 4 Recovery Road property, located in the Town of Wareham Industrial Park. This building is currently being leased to the Christopher Donovan Day School, which provides education and respite services for children with special needs. This project will improve the parking lot and entry areas, replace exterior sill that have water damage, correct flashing on exterior doors, and remove and replace the exterior siding.

### **Public Social Service Programs**

CEDA supported Public Services Programs by awarding grants to non-profits. CEDA provided \$175,000 to support: the Christopher Donovan Day School, Boys & Girls Club, GATRA transportation, Damien's Place Pantry, and the Turning Point Day Resource Center. Each grantee received \$35,000. These programs provided a wide range of services to low-moderate income residents. Services included: food, shelter, clothing, and housing vouchers to help families in need, an after-school homework assistance program and summer camp, bus transportation, and educational services for children with special needs. As of this printing, more than 4,200 new and duplicate applicants had received services through these programs.

### **FY'14 Planning Activities**

*Business Expo* – On May 8, 2015, CEDA in partnership with the Cape Cod Canal Region Chamber of Commerce hosted the Business Expo at the TownePlace Suites Wareham Buzzards Bay Rosebrook Event Center. The Expo focused on ways business owners can grow their businesses. The keynote speaker was Dorothy Savarese, President and CEO of Cape Cod Five Cents Savings Bank. Guest speakers included: Melinda L. Ailes, Massachusetts Small Business Development Center; Christine Moynihan, Principal, Retail Visioning; Peter J. Muise, Chair, Greater New Bedford Workforce Investment Board. A total of 37 vendors, and 110 luncheon guests, as well as dozens of visitors attended the 3rd annual event.

*Route I-195 Visitors Center* – CEDA currently oversees the management of the Route I-195 Visitors Center. The Center is a self-sustaining operation and is funded with the support of businesses who subscribe to rack space for advertising and provide donations to assist with operations. This year CEDA also received a \$22,000 grant from the MA Office of Travel and Tourism. During the summer, more than 30,000 tourists visited the center from all 50 American states and 39 countries. The Route I-195 Information Center in Wareham is the #1 Information Center on the I-95/ I-195 Route from New York.

*Title V Septic Program* – The Title V Septic Program provides low interest loans to help Wareham residents replace failed septic systems or tie into Town sewer. The program is funded through the Department of Environmental Protection. To date the program has provided Betterment Loans of approximately \$1.4 M to more than 215 residents.

*CEDA Messenger* – The first edition of CEDA's monthly newsletter, the CEDA Messenger, was e-mailed to 75 subscribers on May 12, 2015.

*Public Services RFP* – A Bidders’ Conference for those interested in applying for CEDA Public Services funding in CEDA’s FY’16 grant application was held Wednesday, May 27. A total of 17 people representing 10 organizations were in attendance. Applications were due June 30, 2015.

*Community Development Strategy Hearing* – CEDA’s Annual Community Development Strategy Public Meeting was held Wednesday, June 10, 2015. Mr. Pina discussed the Community Development Block Grant Program’s eligible activities and invited audience members to suggest ideas for inclusion in CEDA’s next Community Development Strategy Planning Document. The top priorities included:

1. Developing a trash-removal program town-wide;
2. Creating a senior center;
3. Rehabilitating the Bathhouse in Onset; and
4. Rehabilitating Public Rest Rooms in Onset.

*Main Street Sign Program* - The Main Street sign program was relaunched in June, 2015. CEDA received two completed applications, as well as several verbal commitments from business owners to complete applications. Ms. Rebhan will work with businesses throughout the summer to gather the necessary elements needed to send to Upper Cape Tech in September. Students from Upper Cape Tech will work on the signs throughout the next school year.

*Economic Development Bus Tour* – On June 4, 2014 Mr. Pina participated in the Economic Development Bus Tour sponsored by the Plymouth and Cape Cod Canal Chambers. Mr. Pina served as a tour guide to over 45 participants highlighting the new and emerging economic opportunities in Wareham.

Respectfully submitted,

*Salvador Pina*

**REPORT OF THE COMMUNITY PRESERVATION COMMITTEE  
FY15**

*THE COMMUNITY PRESERVATION ACT, MGL CHAPTER 44B (CPA), IS LEGISLATION WHICH ALLOWS CITIES AND TOWNS IN THE COMMONWEALTH OF MASSACHUSETTS TO ADOPT A PROPERTY TAX SURCHARGE WITH SURCHARGE REVENUES PLUS MATCHING FUNDS FROM THE STATE TO BE ALLOCATED FOR THE “ACQUISITION, CREATION AND PRESERVATION OF OPEN SPACE, THE ACQUISITION, CREATION AND PRESERVATION OF HISTORIC STRUCTURES AND LANDSCAPES AND THE CREATION AND PRESERVATION OF COMMUNITY HOUSING.”<sup>1</sup>*

In 2002, Wareham enacted the Community Preservation Act (CPA) approving a 3% real estate tax surcharge (with initial \$100,000 property value exclusion) which qualifies the Town to receive state funds from the Commonwealth each year. The state funds are generated by recording fees at the Registrar of Deeds. To date the Town of Wareham has received \$4,086,104 of these funds.

In FY15, the Town of Wareham collected \$646,488 in CPA funds and received \$243,381 from the state. With funds unspent from prior year, Community Preservation Commission (CPC) had a balance of \$3,155,565 to support approved projects. At both the Fall 2014 and Spring 2015 Town Meetings, the voters approved open space, recreation, historic preservation, and affordable housing grants for a total of \$1,273,289.

During the year there were some changes within CPC. Long time member Nancy Miller resigned, Angela Dunham stepped down of Chair, Brian Litchfield replaced Joseph Leggett as the Open Space Committee representative.

Following is the financial report for FY15:

## **REPORT OF THE CONSERVATION COMMISSION FY15**

The Conservation Commission has the responsibility of protecting Wareham's valuable coastal and freshwater resource areas. The Commission regulates projects, which may have an impact on any wetland resource area. This year, 76 public hearings were held (42 Notices of Intent and 34 Requests for Determination of Applicability) on a wide variety of projects. These projects ranged from small-scale home repairs to commercial construction. The Commission also investigated reported violations of illegal construction, pollution, and destruction of wetlands.

The Commission will continue to try to increase public awareness of the Wetlands Protection Act and the Wareham Wetland Protective By-Law and the important functions that wetlands serve. In a coastal community such as Wareham, it is increasingly important for its residents to be aware of our fragile environment. There are pamphlets available at the Conservation Office, which explain the roles of Conservation Commissioners and the functions of the wetlands, which they protect.

The scope and nature of projects submitted to the Conservation Commission to review vary widely. Seawall reconstructions, pier projects, single-family dwellings, and septic repair projects comprise the majority of new applications the Commission reviews.

In terms of larger scale commercial projects, the A.D. Makepeace Co. continued work on the Rose Brook Place project which involves the construction of a hotel and conference center, a bank, a Five Guys restaurant, and several other buildings designed to accommodate a mixture of commercial and residential uses. Also, the construction of the new Wal-Mart store at the corner of Tobey Road and Cranberry Highway continued through the site work phase into the building construction phase. The new Wal-Mart is projected to open at the end of the summer in 2015. These projects will require ongoing monitoring as they progress.

Since its official opening, many have enjoyed hiking through the Douglas S. Westgate Conservation Area and Riverwalk property. Access and parking for this 50 acre conservation area is off of Papermill Road in West Wareham. The site offers scenic hiking trails along the Weweantic River, around cranberry bogs, and through mature woodlands. The Westgate Conservation Area adjoins another Town owned conservation property known as the Fearing Hill Conservation area. These two areas combine to create 116 acres of contiguous Town owned conservation land along the Weweantic River.

In East Wareham, the MA Division of Ecological Restoration and MA Division of Marine Fisheries are moving ahead with the proposed Century Bog Restoration Project. This project proposes a large scale restoration effort aimed at the restoration of wetlands and stream habitat on approximately 70 acres of retired cranberry bogs (Century Bogs) that were purchased by the state from the A.D. Makepeace Company. The project will convert cranberry bogs into a variety of wetland habitats. The project will also improve fish passage for anadromous fish making their way up Red Brook to White Island Pond. The site is at the northern end of Barker Road and will also be open to the public for hiking and other passive recreational activities.

After a lengthy public hearing process, the citizens group known as “Camp”, Clean-up Agawam Mill Pond, received approval to chemically treat invasive aquatic vegetation in Agawam Mill Pond. The proposal is to treat sections of the pond over time, in phases, to control the invasive aquatic growth. The first phase of the project is all that has been approved at this point. The approval of future phases will depend on the success and monitoring results of the first phase.

The Conservation Administrator, David Pichette, continued to serve as the Town’s representative to the Buzzards Bay Action Committee(BBAC). Mr. Pichette has continued to attend the monthly meetings of the BBAC which involve discussions on a variety of important topics. These discussions have been informative and timely in terms of looking at issues that need to be addressed to improve and preserve the long term health of Buzzards Bay. Future grant opportunities were also discussed.

The Commission will continue to promote the importance of protecting open space. Open space properties serve as wildlife habitat and also provide natural areas for the public to enjoy. The Wareham Land Trust has also been very active increasing Wareham’s protected open space. The Town of Wareham has partnered with the Land Trust and the Buzzards Bay Coalition on several land acquisition projects. The Commission appreciates the hard work of both the Wareham Land Trust and the Buzzards Bay Coalition, and their continued efforts to promote projects aimed at the preservation of environmentally sensitive areas in town.

The Commission has been actively involved with addressing several wetland violations, some of which have resulted in significant impacts to wetland resource areas. The Commission may issue fines to violators. Violators may be property owners and/or contactors performing unpermitted activities in proximity to wetland resource areas. Property owners considering building projects, land clearing, filling, landscaping activities, etc., within areas subject to Conservation Commission jurisdiction should consult with the Conservation Administrator prior to conducting said activities to avoid violations and the potential expenses (fines, wetland restoration costs) associated with violations.

A total of \$18,036.61 has been collected this year by the Conservation Commission for Wetland Permit filing fees. The Commission also took in \$800.00 collected in fines issued for violations of Wetland Laws.

The conservation office is staffed by a part-time secretary, Kelly Barrasso, who does an excellent job keeping the office running efficiently, and full-time Conservation Administrator, David D. Pichette. The Conservation Commission meets regularly at 7:00 P.M., the first and third Wednesday of every month. Occasionally, additional special meetings are held due to a heavy case load or emergency situations.

## **REPORT OF THE COUNCIL ON AGING AND SOCIAL SERVICES 2015-2016**

The mission of the Wareham Council on Aging is to coordinate the needs of Wareham's Elders with available resources and to support and promote all programs designed to assist elders in Wareham.

The Wareham Council on Aging accomplishes this goal by offering programs in fitness, health, education, nutrition, services, resources and information.

Working in coordination with Old Colony Elder Services, VNA of Cape Cod, and the Plymouth County Sheriff's office, we have been able to offer programs like Scams, 5 Wishes, Healthy Lifestyle, Lunch and Learn, and Senior Whole Health.

Tai Chi is available on Fridays at noon. The fitness program is focused on strength, stretching and balance.

Each week a group of card players gather for a game of Bridge, Cribbage or Whist. You can hear the laughter throughout the building as these friendly groups begin to play. If you are up for a movie, we have a number to choose from and a 55" inch flat screen TV to watch them on. You are encouraged to bring a friend. There is a Wii for supervised use available for our seniors. Our pool room is open daily and both men and women challenge each other to a game. Let us not forget Thursday afternoon Bingo, an ever popular activity.

The success of our lending library is overwhelming. We have received more than 450 books as donations. All you have to do is choose a couple of books to read and return them after you have read them.

The Old Colony Elder Services Nutrition Program provides home delivered and congregate meals to the elderly and disabled. Without the dedication of the meals on wheels drivers and the kitchen help, our nutrition programs would not be possible. Almost 29,000 meals were delivered to home bound seniors and disabled individuals and more than 4764 meals were served at the congregate lunch. After the congregate lunch is over the seniors have been entertained with Fashion Shows and treated to holiday parties. Picnics are also planned throughout the summer months.

Our Outreach and Fuel assistance offices are always busy with lines of people looking for help. Fuel Assistance helped more than 300 individuals with applications, recertification's and emergency shut offs. The number of telephone calls and referrals are too numerous to count, yet no one is turned away or ignored. Our Outreach department handled more than 4000 issues and referrals. Donations of Food Cards are always appreciated and help our seniors to get milk, eggs, butter and fruit and to help them in emergency situations.

Although the Dial a Ride is no longer run out of the Council on Aging office, we are still involved with the qualifying and distribution of the free pass program for Dial a Ride and the Owl Link. Out of Town transportation is scheduled through the Council on Aging office.

The health care clinic is available weekly for blood pressure checks, immunizations and nurse services. Free health insurance counseling is available with a SHINE counselor.

The Council on Aging Day Care Program provides a safe, structured environment for seniors with mild to moderate memory loss, medical issues, depression, loss or isolation. The program offers friends, meaningful activities and respite for caregivers and operates Monday through Thursday. Therapeutic and structured activities are designed to provide and enable the social, physical, and cognitive skills of the participants through gentle exercise, creative activities, educational programs and peer support.

Participants bake, paint, work in clay, do various crafts, attend workshops, play pool and go on field trips. A continental breakfast, lunch, afternoon snack, and transportation are provided. This community program allows elders to live in their own homes and provides for their caregivers and families a safe, low cost alternative to assisted living or nursing homes. The Day Care Program operates four days a week. There is no requirement to attend all four days.

We are happy to announce the formation of the new Council on Aging Board of Directors. They are enthusiastic, dedicated and creative.

Thank you to the Onset Bay Association and Kat Jones for arranging for a performance by Vic Solo.

Thanks to Salerno's for organizing activities (chair volley ball, Wii Bowling, Dominoes and more) for the seniors and the tasty pizza.

Thank You to all the volunteers that give their time and energy to the Council on Aging. Without your selfless contributions, the Council on Aging couldn't operate.

Respectfully submitted,

Wareham Council on Aging

## **REPORT OF THE EMERGENCY MEDICAL SERVICES (EMS) DEPARTMENT**

To the Honorable Board of Selectmen, Town Administrator and Citizens of Wareham

I am pleased to submit the report of the EMS department for FY15. We remain very busy with our emergency responses, with over 3900 calls for service last year, with the resulting transports bringing in revenues of \$1,459,112.00. After expenses, we turned in \$320,000.00 to the general fund which becomes free cash. That is then used by the town after approval at town meeting for a variety of purposes.

The new 2014 Ram 5500 four wheel drive ambulance was delivered in 2015 and was a vast improvement over our other ambulances, the four wheel drive capability was worth its weight in gold, due to the very snowy winter we had. Another one is forecast for this winter. We received approval in the annual spring town meeting to replace the 2001 ambulance that is on its last legs. We are using funding from the new super Wal-Mart to pay for the first year's lease payment; the other two years will be picked up by the operating budget of the EMS department. After this we still need to replace the 2006 ambulance that is showing wear and tear despite the efforts of the municipal maintenance mechanics and other contractors.

The EMS budget addresses this issue; the town administrator has built a capital payment into the budget that will pay a lease payment on a new ambulance every three years at no expense to the town. The department takes no tax dollars and is 100% self-sufficient using revenue from ambulance billing.

Prior to FY2014 we only had one manned ambulance on the road. On July 1, 2014 we started the second ambulance half days from 9am to 9pm. This greatly reduced our reliance on other towns for assistance when our ambulance was on calls, although we still have to call them after 9pm. On July 1, 2015 we will start to man a second truck 24 hours a day depending on manpower availability. The second truck is manned using part time employees who are not always available to work shifts, because of other jobs or commitments. We try to have enough staff to prevent this but it is not always possible.

There is turnover in our department; we lost three full time employees due to finding better paying jobs on other departments, or going a different route in their employment. Several other long time employees will probably retire during this fiscal year.

The state changes EMS regulations from time to time. One of these changes requires us to purchase medications pumps that control flow rate of medications. These pumps will be required in 2017 at a cost of between \$5,000 – to \$10,000 each and we need four.

I would like to thank the EMS staff, both full and part time, for their commitment and dedication to the department, As well as the other public safety departments in town, the Wareham Police, Fire and Harbormasters Departments and the Onset Fire Departments. Thanks to the Municipal Maintenance Department for keeping our ambulances running and clearing the roads for us.

Respectfully submitted,

David Evans  
EMS Director

## REPORT OF THE FINANCE COMMITTEE

Dear Citizens of Wareham:

During the Finance Committee meetings of the past months, someone asked a very important question. "What do we want to be?" This has become sort of a mantra with us, and a constant reminder. As a town, what do we want to be? How do we want people to view us? Not just the residents currently in Town, but future residents and also potential business owners considering investing in this town. What do families with children expect of our school system? What can we do to attract as well as retain our pupils in town? What are we going to do to maintain our crumbling infrastructure? Do we want to invest in maintenance of our buildings, roads, etc. or let them deteriorate and degrade the Town's image? As our Town, the country, the world, faces a multitude of social problems, how are we going to address them right here in our little neck of the woods? And of course, the big elephant in the room is and always will be, how do we meet the ever increasing employee benefits cost while faced with the limitations to our revenue controlled by Proposition 2 1/2?

These are a lot of questions I am asking you, and I'm sure questions you have asked yourself. What are the answers? I do not know, I honestly do not know. I don't think there are any simple answers, but certainly some tough choices that need to be made. Last spring, a Proposition 2 1/2 override was proposed, voted on, and failed. Many believe that an override will never pass in this Town. There are many who also realize that the Town cannot maintain the level of services we've enjoyed in the past, as our expenses rise at a much higher rate than our income. I think that became very apparent this year when Town Hall became a four day a week operation. Yes, I'm sure there were many who believed nothing would really change. Like so many times in the past, the Town would somehow "find" the money and it would be business as usual. Sorry, but that is no longer going to happen. There just isn't anything left to find. If we are not willing to increase our real estate tax base, and cuts to our State financial aid are further reduced by increased county and state assessments, then we are forced to operate within our limited means.

Our Town Administrator is guided by the elected officials, the Board of Selectmen. As the leaders, I think it imperative that they make clear where their priorities are. I think they have done so, as the Town Administrator designed his budget toward the best interests of the Town as well as the vision of its leadership. The Finance Committee was also asked to define some of its priorities. Some of our top priorities are public safety, education, and streamlining and maximizing town services on our limited funds. It's not just a matter of reducing crime, but coping with and healing the social issues that come along with certain crime. We must strive to overcome this bad reputation, again with limited resources. On education, statistically we spend about as much and in some cases more money per student than our neighboring towns. Would putting more money into education entice students from outside the district and reduce the money we pay for our own students that choose to leave and study in other towns? Who knows, but we hardly have that option while living within our means. While the line item in the budget for Net School Spending may reflect only a small increase from the previous year, it does not include the employee benefit cost of school employees that are carried on the overall Town budget. Nor does it include the roughly \$1.4 million dollars in retired teacher health insurance payments, or the \$1.5 million

dollars in School Choice sending and Charter School sending tuition the Town also pays for. Add on these items and you get an idea of the true cost of education.

Lastly, the Town Administrator's budget also calls for some additional necessary hiring that is in the best interest of the Town. While technical innovations have great benefit in streamlining some departments, it puts an ever growing burden on an already over burdened Information Technologies (IT) Department. More personnel is needed in that department. We need a Town Planner, and a full-time Director of Inspectional Services. While we are making due, having both could eventually make a positive financial impact on the property owners who are currently paying higher insurance rates. It may be argued that we cannot afford to hire, but we think we cannot afford not to hire in these key positions.

I know the Town Administrator, Board of Selectmen, and future Finance Committee members are diligently monitoring our five year budgetary projections, and it's just not pretty. It's only going to get more difficult to balance our budget. No matter whether you are for or against voting overrides, it's plain the reality of our financial situation has had a defining impact on all our lives, from more walkers on sidewalks heading to school to no funding for a Council on Aging. So, "What do we want to be?"

Respectfully submitted,

Bonnie Jean Cottuli

### REPORT OF THE HARBORMASTER

To the Honorable Board of Selectmen and to the residents of the Town of Wareham, it is my honor to submit to you the annual report of the Wareham Harbormaster/Shellfish Department.

The waterways in the Town of Wareham are truly extraordinary. The popularity of the town's waterways is the result of its unique characteristics and accessibility.

One of our biggest concerns continues to be the deteriorating conditions of our coastal infrastructure and the ever-increasing usage. While we try and maintain these assets to the best of our ability, we have reached the point where replacement will be needed for some of these assets. However, we are pleased to say that we are making a gallant effort to start tackling these projects. The Wareham Harbormaster Department will finally be awarded \$67,500.00 towards the replacement of the Onset Boat Ramp. This funding was through the settlement of the 2003 Bouchard Oil Spill in Buzzards Bay. \$100,000.00 in additional funds has also been secured from Community Preservation Funds. This spring we were able to reconfigure and install new floating docks at Tempest Knob Boat Ramp. We have added over 125 feet of new tie up space at this very busy location. As part of the redesign we have added 25 dinghy dock spaces for mooring holders. All of the floating docks were built and installed by our staff, which provided substantial cost savings on this project. Besse Park also received an additional update with 50' feet of new floating docks. The original two sections were damaged during Hurricane Bob 91' and up until this point had never been replaced. Besse Park has now returned to its original 200' feet of dockage for transient vessels.

Our launch service in Onset Harbor is in full operation. The vessel had been purchased from a local boat yard and passed the United States Coast Guard's extensive inspection for a passenger carrying vessel. The vessel has gained significant popularity on the waters as a safe alternative of travel to and from vessels. This is the only service of its kind to operate within the Town of Wareham.

In an effort to protect our eelgrass from the irreversible damage from conventional moorings, the Harbormaster Department was awarded \$155,000.00 from MASSPORT to replace existing moorings with environmental moorings. Two mooring fields were selected and will receive the replacement moorings.

We continue to aggressively manage and remove abandoned moorings that have collected throughout the town's waterways over the years. Over 300 moorings and submerged obstructions have been removed to date by our staff with the use of our mooring enforcement barge. With this two year undertaking we have finally gotten ahead of this issue. We can now we can start to re-organize mooring fields to accommodate individuals on the mooring waiting list.

The Harbormaster Department sponsored its eleventh boating safety course instructed by the Massachusetts Environmental Police. The course educated 50 boaters this year, and to date, our classes have certified more than 340 new and seasoned boaters. The course was offered free of charge to any boaters wishing to take the course.

The Harbormaster Department operates two pump-out boats, as well as a land-based pump-out station to collect waste from boats. This program is also offered at all local marinas and the yacht club for the convenience of the boaters. This service is funded in part by the Clean Vessel Act. It is a free service to all boaters, but most importantly, is helping to keep our fragile waterways clean.

This will be our fourth year since reviving our oyster aquaculture program; to date we have purchased 1 million oysters which have been transplanted to areas around town to rebuild our oyster population. As part of the Bouchard Oil Spill settlement we will also be awarded \$34,500.00 which will go towards purchasing oyster seed and a new shellfish upweller to keep our oyster aquaculture program operating. In addition to the oyster program, we were able to fund a 1000-bushel quahog shellfish relay this spring. Broad Cove and Muddy Cove were selected to receive the stock and will be allowed to reopen for harvesting in the fall of 2016. As part of the Bouchard Oil Spill settlement we have been awarded an additional 4000 bushel of quahogs from the Division of Marine Fisheries quahog relay settlement. This portion will be placed in an area that is designated for recreational shellfishing only.

I would like to offer my sincere appreciation to the citizens of the Town of Wareham, Board of Selectmen, Town Administrator, the dedicated staff of the Harbormaster Department, the Marine Resources Committee, fellow municipal departments as well as the Wareham and Onset Fire Districts for your continued support and cooperation throughout the year.

Respectfully submitted,

**REPORT OF THE  
MUNICIPAL MAINTENANCE DEPARTMENT  
&  
TOWN BUILDINGS**

***David Menard***  
***Director***

*95 Charge Pond Road, Wareham, Ma 02571*  
*508-295-5300 [dmenard@wareham.ma.us](mailto:dmenard@wareham.ma.us)*

Honorable Board of Selectmen and residents of Wareham:

I hereby submit my report for the fiscal period July 1, 2014 to June 30, 2015.

Municipal Maintenance would like to welcome Andrew Leconte, to our staff, as a Master Mechanic. Our staff consists of Deborah Berchtold and Mary Healy, as Administrative Assistants, Glenn Barrows, Foreman, James Maxim, Master Mechanic, Andrew Leconte, Master Mechanic, Heavy Equipment Operators are Jose Duarte, Keith Cannon, and Mark Debonise. Andrew White is a Truck Driver and the Laborers are Kevin Hunt and Roger Brousseau. Joseph Edwards is the Town Building Foreman with three custodians; Wayne Sellars, Patrick Murphy and Donny Lake.

Many of the road reconstructions projects and road repairs which the Municipal Maintenance Department completed this year, as well as, ongoing projects are funded through the Chapter 90 program. This program is managed through the state and is 100% reimbursable to the town. Projects completed this year were Brown Street, Gibbs Avenue, Charlotte Furnace and the design phase of Twelfth Street. The construction phase is almost complete with the final top coat of bituminous concrete being laid in place during the month of July 2015. Engineering projects such as the design phase for the reconstruction of Hotel Street and Ocean Avenue is ongoing, as well as, the design for County Road. Bachant Way and Lynne Road became town accepted roads and will be added to the roster in order to receive additional monies from Chapter 90 funding.

In April of 2015, Governor Baker released 30 million dollars to the various cities and towns throughout the Commonwealth to assist in meeting the challenges of repairing road damages caused by this year's harsh winter. The Town of Wareham was awarded the sum of One Hundred Eight Thousand Nine Hundred Ten dollars (\$108,910.00) as part of the grant offered by the state entitled Winter Recovery Assistance Program (WRAP). The Town used this money to line paint throughout the town and purchase unique paving material (UPM) to fill many of the potholes that were created over the winter months.

We also purchased supplies such as grates, blocks, piping and mortar mix which is greatly needed to repair the many basins which are deteriorating. This program from the state helps the Town with its infrastructure.

The Tremont Mill Pond Dam is regulated by the Federal Energy Regulatory Commission (FERC). We have been performing many of the requirements at this site such as fencing and vegetation control, which are part of FERC's regulations.

Our office has now started scanning and digitizing cemetery records and storing the information on the Town's server. The complaint software system we implemented a year ago has shown that we do not have enough staff or funding available to perform and complete all the tasks generated from the complaint system. It is a goal of this department to eventually restore services to the town.

The employees in Municipal Maintenance Department continue to wear an ANSI Class 3 uniform which is highly reflective and which is a

part of this department's goal of continued safety.

The work load of the Municipal Maintenance Department consists of: street sweeping road grading, catch basin cleaning and tree work.

The Municipal Maintenance Department is also responsible for maintaining three town cemeteries, which encompass approximately 30 acres of land. We oversee 46 burials of which 23 were cremations in both the Centre Cemetery and Agawam Cemetery.

This department still picks up litter, debris and other forms of trash, throughout the year. Municipal Maintenance assisted with and supported over thirty-four (34) local festivals held throughout the summer season by prepping, mowing, setting up and cleaning the parks and grounds before and after the festivals. This year there was the Summer Celebration (Wareham's 275<sup>th</sup> birthday), the British Invasion occurring 200 years ago, Fourth of July fireworks, Blues Festival, Jazz Festival, Onset Cape Verde Festival and the Pan Mass Challenge to name a few. We are also responsible for cleaning 10 inter-coastal beaches, maintaining and repairing 10 playgrounds, 6 basketball courts and 2 tennis courts, as well as, maintaining town owned open space areas.

Municipal Maintenance repairs over 65 registered vehicles and equipment, as well as, unregistered, lighter equipment such as lawn mowers and chain saws. In addition we also prep equipment for snow and ice operations, all on a limited fiscal budget. This year we are in the process of combining the Transportation fleet of fifty-two (52) buses into our facility. We have added an additional door to the facility and revamped the building, all in preparation of our joining forces.

Fifteen buildings: Town Hall, Multi-Service Center, Wareham Free Library, Spinney Memorial Library and Old Town Hall, as well as, the Police Station, the Oak Grove School, Onset Bathhouse, Onset Restrooms, the Salt Shed, 2 Cemetery Buildings and 2 Outer Storage Buildings are all maintained by this department.

This year we also acquired the responsibility for the care and maintenance of the Everett School, the Hammond School and the West Wareham School.

The Wareham Free Library received new windows and doors this year. The Town Administrator's office has a new coat of paint and we currently completing the project of building an employee lounge in the cafeteria.

The Municipal Maintenance Department was called out fifty-seven (57) times from November to March for snow and ice operations. Ten (10) of these were for severe storms, including the 2015 January Blizzard (Juno). This winter season was the worst on record.

My sincere appreciation is extended to all of my staff, the Town Administrator, Department Heads and Committee Members for their support, advice and assistance during the year. Thank you for allowing me the opportunity to serve in this capacity for the Town of Wareham.

Respectfully submitted,

David Menard  
Director of Municipal Maintenance

**REPORT OF THE OPEN SPACE COMMITTEE**  
**FY 15**

The Playground and Open Space Assessment and Recreation Plan for the Town of Wareham was completed by BL Companies. This project was funded by a Community Preservation Grant for \$22,000. This report includes current assessments and recommendations for twenty-one of the town's playgrounds and three open space lands.

Open Space committee used this report to start working on upgrades to several of the town's playgrounds.

Fall 2014 town meeting, we requested and received a \$50,000.00 Community Preservation Grant to address safety concerns that were listed in the BL Companies' report. We are currently working to correct these areas of concern.

We also worked with the Minot Forest Committee to mark a new trail that will run from Peter Cooper Drive to the intersection of Indian Neck and Stillman Drive.

Spring 2015 town meeting, we requested and received a \$45,000.00 Community Preservation Grant to update the Oakdale Playground with new play equipment, walking path, bleachers, and other improvements.

The Open Space Plan is available on the Town website at [www.wareham.ma.us](http://www.wareham.ma.us)

## REPORT OF THE PLANNING DEPARTMENT

Over the course of the 2015 fiscal year the Planning Department has been active in carrying out its responsibilities of reviewing and permitting a variety of project proposals.

The Planning Department oversees the permitting procedures of the Planning Board, the Zoning Board of Appeals, and the Conservation Commission. These three permit granting authorities review a wide variety of projects and application types. The review and coordination of the permitting procedures, and the associated public hearing procedures, have been strenuous for the department which has been short staffed over the course of the fiscal year. Currently, the Town Planners position and a full time Department Assistant position are vacant. David Pichette, Wareham Conservation Administrator, has also been named Interim Town Planner. The Department is also staffed by part time Department Assistant Kelly Barrasso who has taken on additional responsibilities as a result of the staff shortages. These staff members have worked diligently to keep Department operations moving forward under difficult circumstances.

The Planning Board has reviewed, and continues to review, several larger scale projects. The Planning Board reviewed and approved the construction of a commercial retail store building for “Dollar General” at 3137-3139 Cranberry Highway. The project has since been constructed and is currently open for business. The construction of the previously approved new Wal-Mart store on Tobey Road has been ongoing through the fiscal year and is nearing completion with a store opening proposed in August of 2015. Other commercial retail space was reviewed and approved for S & H Realty, for a site on Cranberry Highway in front of the new Wal-Mart store on Tobey Road. Construction of this approved retail space has not been started at this site. Bay Pointe Club, LLC, current owners of Bay Pointe golf course property in Onset, has submitted a mixed use housing development project proposed around the Bay Pointe Golf course in Onset. This would include several residential multi-unit buildings and 56 single family homes for a total of 90 dwelling units. This is a complex project which is still currently under Planning Board review.

In addition, the Planning Board has been involved with reviewing Approval Not Required(ANR) plans, newly proposed definitive subdivisions plans, and making recommendations to the Zoning Board of Appeals on several projects under their review. The Planning Department also manages the various 53G accounts which have been established to process peer review fees for projects requiring engineering review, and fees for required engineering inspections once projects have been approved.

In total, the Planning Board, Zoning Board of Appeals, and staff have processed and reviewed ten (10) Approval Not Required (ANR) Plan applications, twenty five (25) Special Permit and/or Variance applications, and five (5) Site Plan Review applications. The Zoning Board of Appeals received and processed \$13,460 in application fees. The Planning Board received and processed \$16,731.00 in application fees. Information regarding the Conservation Commission may be reviewed under the Report of the Conservation Commission within this Annual Report.

Lastly, department staff continued to play an active role on other task forces such as the Road Commission and the Buzzards Bay Action Committee.

The Planning Board, the Zoning Board of Appeals, and the Conservation Commission continue to meet on their regularly scheduled meeting nights as follows:

Conservation Commission: First and Third Wednesdays of each month

Planning Board: Second and fourth Mondays of each month

Zoning Board of Appeals: Second and fourth Wednesdays of the month

## REPORT OF THE WAREHAM POLICE DEPARTMENT

To the Honorable Board of Selectmen and  
Citizens of the Town Of Wareham:

The Wareham Police Department has experienced many changes and much progress during recent years, and the past year has been no exception. As changes occurred within the Department, the professional standards and dedication of the officers and staff remained steady and continued moving forward with the best intentions of maintaining the trust and confidence of the public.

A police department experiences a great deal of change whenever a new chief is appointed, and this occurred with my promotion from Lieutenant to Chief of Police on February 1, 2015. All citizens of Wareham can be assured of my commitment to public safety and reaching the highest level of professional standards.

Changes in personnel included the addition of Officer Ashley Duff, who graduated at the top of her class from the police academy in August 2014, and the addition of Officer David Melo, a veteran Seasonal Officer, who began the 26 week police academy in January.

In August 2014, Officer Bryan Berriault transferred to Carver PD, and Officer David Simmons resigned from WPD in March 2015 to accept a position as an ATF agent in Florida. We wish all the best for these officers, whose dedicated service to this Department was certainly appreciated.

Officer Mary Walker retired in January 2015 after 28 years of dedicated service as a Patrol Officer and School Resource Officer. Mary's presence and experience in the Department and in the community will be missed, and we wish her all the best in her retirement years.

During the past year, Wareham has not been spared from the opioid epidemic sweeping the nation. The number of individuals and families affected by the use and abuse of heroin and prescribed medications has risen to a very concerning level in Wareham, as officers and detectives put forth diligent efforts to combat the issue through education, enforcement, and arrests. The opioid drug problem is a priority that must be aggressively dealt with and solved to the best of our abilities through thoughtful initiatives, grant funds, and education, hopefully before arrests and overdose deaths occur.

Assistance from the community is vital to the operation of any police department, and Wareham can be proud of the support and assistance offered by its citizens regarding illegal drug activity and general crimes. We have received more tips and information through tip lines, social media and personal conversations than ever before, which shows the true caring spirit of our citizens, and leads to greater results from our officers and detectives.

In closing, I would like to thank the Town Administrator, the Board of Selectmen, and all of the other Town and District Departments and municipal agencies that have assisted us throughout the year. In addition, I would like to thank the citizens of Wareham and every member of the Wareham Police Department organization for their loyalty, dedication, and diligence throughout the past year.

Respectfully submitted,

Kevin D. Walsh

## WAREHAM RECYCLING ANNUAL REPORT - FISCAL YEAR 2015

Summary: The Recycling Program realized a good year in FY 2015 despite serious budget constraints. The number of recycler visits was 6209. There were 3 days of over 100 visitors and an annual high of 112 on sept 5th, 2014. Volunteers donated 1482 hours to the center and helped to make the operations of the program a success. Open meetings of the Recycling Committee are held on the 3rd Thursday of each month in the Town Hall Cafeteria at 7:00 p.m. Jennifer Gady continued on as chairman in 2015

**Total Recycling tonnage for the Town is estimated at 1000 tons which includes the Volunteer Drop-off Center (71 tons), ABC, and what the Coordinator has been able to find out from other involved units .i.e. Carver, Marion Wareham, Rochester consolidated transfer stations and others. Tracking this is still difficult to obtain exact figures, because their data combines 5 towns!. And separating it by town is an estimate.**

The following report details the individual functions of the center and provides information on all aspects of the Recycling Program.

Hours of Operation: The Recycling Center opens to the public Saturdays from 9am to 1pm and on Wednesdays from 1pm to 3pm. No sticker required – recyclables only.

Center Operating Budget: The Town of Wareham decided to cut all funding for recycling in fiscal 14 and continuing into fiscal 15. We are very fortunate to have received some help from the trustees of the estate of Hilda Leeven of Newton Mass. This gift is much appreciated by those of us in the town who has been involved in the on-going effort of recycling. Without this \$10000 gift, the center would now be closed and any recycling presence would be non-existent. However, this fund is now depleted. We receive donations and fees from the center averaging approx. \$3300 per year. The cost of recycling is now approx. \$7000 per year. We estimate running out of funds by year end 2015. We are hoping to find new sources of funding, but hope more that the town will realize their responsibility to recycling and provide the funding that they have for the last 15 or so years.

**Thank you to all our volunteers and other who have donated to our recycling center.**

Volunteers: The volunteers remain committed to the Program. The total number of individuals who volunteered during the period was 30; however several were one time volunteers 10 can be considered “permanent”. Our volunteers help recyclers with their recyclables and maintain the area by mowing and keeping the site clean and safe as requested by the Site Coordinator, John Dixon. Volunteer work is much appreciated and created a value of \$13,338 to the Town at minimum town wages (useable figures for grants). We are especially grateful for the continued help and support from Evergreen house as well as some summer residents,

### Area Use:

We handled over 70 tons of recyclable materials. , such as paper, cardboard, tin, glass, packing peanuts, and plastic containers. The center also accepts several hazardous waste items including mercury containing items, fluorescent bulbs, used medical needles, paint, automobile & re-chargeable batteries, and used tires.

Our Book Shed is in full operation. We have hundreds of great donated books for swap or a small donation. We gladly accept any books on an ongoing basis.

The center operates a small shed which houses our swap items.

Recycling Outreach Programs:

The Recycling Committee has had continued support from Wareham High School. Honor Society and JROTC students work at promoting recycling wherever needed and volunteering at the drop off center. At this time a member of the JROTC is a permanent member of the committee. On occasion students from Tabor Academy in Marion and local BOY Scout troops have also donated their time to help with yard work and painting, etc.

The Wareham Recycling Program distributes a semi-annual newsletter called "The Recycle Bin". This newsletter, which gives updates and recycling information, is available at the Town Hall, the Wareham Free Library, the Multi-service Center and the Drop-off center.

Media coverage of the recycling effort has been excellent with articles appearing in all local papers and on cable. The Coordinator's efforts have increased in an attempt to keep recycling in the forefront of the public eye and to gain more volunteers to assist with education programs as well as Recycling Center help.

## REPORT OF THE ROAD COMMISSIONERS

Honorable Board of Selectmen:

I hereby submit my report for the Road Commissioners for the fiscal period July 1, 2014 to June 30, 2015.

During the fiscal year, the Board of Road Commissioners' membership was restructured. The Road Commissioners are as follows:

Chairman:	Sara Forrest
Vice Chairman:	David Menard
Secretary:	John McGonnell
Member:	Joseph Cardoza
Member:	Howard Smith
Member:	David Pichette
Member:	Kevin Walsh

From July 21, 2014 to June 9, 2015, The Board of Road Commissioners conducted meetings with a quorum on nine (9) occasions and held two (2) public meetings.

Public ways were renamed, and numerous street numbers were assigned to lots.

The Board addressed speed, stop and parking signage and marking issues throughout Wareham.

The Board revised and implemented a number of proposals and regulations involving the ongoing Onset Parking Program. Hours of enforcement are 8:00 am to 6:00 pm from May 1<sup>st</sup> until October 31<sup>st</sup> with a parking fee of \$10.00 for each resident. There were also discussions held pertaining to the Onset Parking Plan with regards to business owners and employee parking near the Onset Mobile Home Park. Other parking suggestions within Onset included new parallel parking on Union Avenue and parking improvements to be made at Hynes Field.

The Board dealt with numerous citizen and town department concerns and issues, some in writing and some in person. Some concerns were East Boulevard Parking, the Stop signs located at Main Street and Tobey Road, as well as allowing permit parking at Shell Point.

Respectfully submitted for the Road Commissioners,

David Menard, Vice Chairman

## MESSAGE FROM THE SUPERINTENDENT OF SCHOOLS

Dear Wareham Community,

I would like to extend my heartfelt thanks to the Wareham community for the continued support to our students and schools over the course of this past year. We are extremely fortunate to have a tremendous network of dedicated faculty, staff, caregivers and community partners who support and advocate for public education in Wareham. As a result of the tireless efforts of innovative individuals in this network, working collaboratively, Wareham Public Schools has been able to provide 21<sup>st</sup> century learning opportunities for our students that are second to none.

Wareham Public Schools has emerged as a leader in many cutting edge fields, such as STEAM, global education and entrepreneurial preparation, to name just a few. It is an honor to lead a district with such incredible potential and endless possibilities. Thank you again for accompanying us on this journey. We appreciate your support every step of the way.

Respectfully submitted,

Kimberly B. Shaver-Hood, Ed.D.

### **John W. Decas Elementary School**

The 2014-2015 school year was a year of change for the John W. Decas Elementary School. During the summer of 2014, our two elementary schools were reorganized and redefined from two K-4 schools to a Grade K-2 school at Decas and a Pre-K, Grade 3-4 school at Minot Forest. Students, families, and staff from across town came together and began to define our new Decas family with the assistance of our new principal, Mrs. Donna Noonan.

With eleven kindergarten classrooms, eleven first grade classrooms, and nine second grade classrooms, the focus was on bringing everyone together to provide the best learning environment, using the best educational practices, for our youngest learners. The REACH for Reading program served as the foundation for all reading instruction. EveryDay Mathematics continued to be the main curriculum in a majority of classrooms, though several teachers across all grade levels successfully piloted the use of the enVision math program. New technology was added to each of our classrooms in the form of projectors and interactive whiteboards.

This year saw the addition of the STEAM (Science, Technology, Engineering, Arts, and Math) program as an enrichment program for all students. Students participated in a number of hands-on lessons and activities helping them to develop an early understanding of many STEAM concepts as well as inspiring them to seek answers to questions in creative problem-solving ways.

Children had both before and after school opportunities to enhance their learning through the Beyond School Time program, CARE, and the Bokskids exercise initiative. Children were able to “Dig in the Dirt”, learn a language, cook, and create! We thank all volunteers and staff for making these programs such a success.

Our joint Elementary PTA supported numerous opportunities for children and their families to share in their school experience and grow the home-school connection. From our Open House and Kindergarten Showcase in the fall to our Field Days in the spring, the PTA volunteers were always there to lend a hand.

There were physical improvements made to the building this year. The hallways were colorfully painted and the A corridor was greatly enhanced by a group of volunteers who lent their artistic talents to make it truly special for the children. A much needed conference room was also added in the A wing.

The entire new Decas family is now solidly together and we look forward to developing in ways that will continue to make our family, friends and the greater Wareham community proud!

### **Minot Forest School**

The 2014-2015 school year was one that brought a big change for our students and families. Both elementary schools were reconfigured and Minot Forest became the school for all students in the Town of Wareham in preschool, grade 3 and grade 4. We have preschoolers who came to us from Early Intervention and preschoolers who came to us as peer models in our integrated program. For our upper elementary students, we offered before and after school programs at certain grade levels. Before school programs consisted of Bokskids, band instruction and chorus. After school programs consisted of the CARE program, tutoring, intramurals, and Kiwanis Kids Club (K Club).

The two elementary PTAs also were reconfigured and formed one PTA, known as the Wareham Elementary PTA. All fundraisers were done for Preschool-grade 4 and programs and funding was provided for all students in these grades. Parents/Guardians in our PTA worked very hard to support our children. Parents/ Guardians also were important members of the School Council, Policy Review Committee, answering surveys for our School Improvement Plan, participating in the Strategic Plan Committee, and volunteering in our schools.

In addition to our PTA, we worked with several community organizations:

- Wareham Fire Department assemblies during Fire Prevention Week
- MBTA Operation Lifesaver students learned about railroad safety
- Wareham Elks Lodge American Legion Auxiliary Unit 220 provided dictionaries to our grade 3 students
- Stop & Shop A+ Bonus Bucks School Program
- Target Red Card School Program
- Gleason YMCA-Grade 3 swimming program
- Damien's Pantry and other organizations-Food Drives
- New Bedford and Cape Cod Symphony Orchestra lessons and field trips for our students
- Wareham Flagship Cinema Movie days for families
- A. D. Makepeace
- Foundations for Wareham Education

We were very fortunate for the support we received for our students and our school and look forward to our continued relationships.

### **Wareham Middle School**

The term 'Striking Viking' was a term often heard at Wareham Middle School last year. Students were encouraged to act like Striving Vikings, which included students being expected to behave in ways that were responsible, respectful, and cooperative. Each month, a student from each grade level was voted by teachers to be 'Student of the Month'. As part of this honor, students received gifts and were featured in local newspapers. At the end of the school year, all of the students of the month, along with their families, enjoyed a Student of the Month Breakfast, attended by the school's administration.

The 2014-2015 school year came to be known as the ‘Year of the Cranberry’. Through the hard work and dedication of the 7<sup>th</sup> grade STEAM Academy, including students and teachers, an actual cranberry bog was created on school property. We will all be watching to see the first signs of berries from our very own cranberry bog.

Clubs and activities were in full swing throughout the school year. There was an active Student Council, Junior Honor Society, Junior Engineering Club, Green Recycling Team, Mahjong Club, Writer’s Club, Nature’s Classroom and student intramurals. Our annual band concert and talent show near the end of the school year showcased an abundance of middle school talent.

On the academic front, a cohort of eight grade students spent part of their school day attending classes as dual enrollment students at Wareham High School. By all accounts, the program was a success and will continue in future school years. In 7<sup>th</sup> grade, our STEAM Academy enjoyed a year of hands-on; project based thematic units of learning that included an emphasis on engineering concepts, complimented by new technology. Finally, our junior high model allowed for greater flexibility and more variety in scheduling and instruction. Academic excitement was a theme of the 2014-2015 school year.

A summary of the school year would not be complete without mentioning the PTA. Through the diligence of the PTA, the school enjoyed a number of events that made school fun for both students and staff. These events included a Halloween dance for 5<sup>th</sup> and 6<sup>th</sup> graders, Spirit Week, leading up to MCAS testing, the always exciting Pig Race in November, and a variety of field trips and special events that brought students, staff, and families together as one community.

### **Wareham High School**

**Wareham Students Recognized for Excellence:** Six students at Wareham High School earned AP Scholar Awards and one student earned the AP Scholar with Honor Award in recognition of exceptional achievement on AP Exams. Six WHS students qualified for the AP Scholar Award by completing three or more AP Exams with scores of 3 or higher. The district was pleased to learn that an additional 26 WHS students earned qualifying scores of 3 or higher on at least one AP exam this year.

**Dual Enrollment Opportunities:** Eighth grade students attended high school classes, thus providing these students with opportunities to earn high school course credit while still in middle school. Also high school students traveled to Bridgewater State University every morning to take classes on a college campus and finish their day with afternoon classes at the high school.

**DECA News:** The Wareham High School DECA Chapter attended the District 1 DECA Career Conference at the Boston Quincy Marriott on Thursday and Friday, January 8 and 9, 2015. The results of the competition are as follows:

122 WHS DECA students attended

- 80% (101 out of 122) achieved the National Standard Achievement award
- 43% (52 out of 122) achieved Top 10 in their industry category.
- 32% (39 out of 122) are bound for the MASS State Career Development Conference and Competition. (Top 7 in each category moved on.) This does not include the additional 30 students who will be competing with their written marketing / business plans and presentations.
- 25% (30 out of 122) medaled - achieved 1st, 2nd, or 3rd in the individual tests.
- 11% (13 out of 122) trophied - achieved 1st, 2nd, or 3rd overall in their category.

**Drama Club:** The Viking Theatre Company competed in a district competition on February 28, 2015 at Bourne High School.

**JROTC News:** On December 15th the JROTC worked with Wareham community leaders packaging gifts for the needy families in the area as part of the Toys for Tots drive. On January 1<sup>st</sup> WHS JROTC worked with the Onset Fire Department by setting-up and providing guidance for all participants in the 2015 Wareham Polar Plunge, an important annual fundraiser for the community. Finally, on January 13th JROTC Cadets participated in the 8th Grade orientation providing these future High School students and their families a clear understanding of the opportunities available in JROTC.

**Cape Verde Students Visit:** Wareham Public Schools and the Department of Education in Cape Verde have partnered to create various learning experiences since 2004. In 2013, a group of 15 Wareham students visited Cape Verde partner school in Santa Cruz. This was an excellent experience for both communities. Santa Cruz selected 8 students and 3 teachers/adults to visit Wareham for two weeks, April 3-17, 2015. Wareham Public Schools had the honor to host and to achieve its goals: to teach students how to become global citizens; to give students opportunity to learn and develop their English skills; to build a stronger relationship between the two schools; and to encourage Wareham students to be globally minded in order to prepare them for the 21<sup>st</sup> century.

Wareham Veterans' Council  
Memorial Town Hall  
54 Marion Road  
Wareham, Ma. 02571

**REPORT OF THE VETERANS COUNCIL  
for Fiscal Year 2015**

During FY 2014 and FY 2015, the Veterans Council regrettably lost three individuals who had been stalwarts in maintaining the momentum and providing the leadership for the Veterans Council over many years. Frances (Hoagie) Carmichael, James Newman and Charles Vanderstaay contributed much to the success and visibility of the Council and veterans issues in the Wareham community and beyond. Their energy and guidance was sorely missed as an ad hoc Veterans Day Committee and a newly constituted Veterans Council planned and executed Wareham's Veteran's Day Program in November 2014 and Memorial Day Program in May 2015.

For the fourth year the ad hoc Veterans Day Committee conducted a successful Veterans Day Program consisting of an expanded parade (10:30) which traveled from Besse Park to the parking lot at Town Hall where a ceremony was conducted (11:30) The program concluded with a luncheon for Veterans in the Multiservice Center. Static displays of mobile equipment, weapons and uniforms were featured. This Committee has assisted the Council with this program since November 11, 2011.

Leading the parade and representing all Wareham veterans as the Grand Marshal for 2014 was Mr. Stephen Baptiste. At the conclusion of his remarks during the ceremony, the Chairman of the School Board and Superintendent of Schools presented Grand Marshal Baptiste with his High School diploma. Mr. Baptiste entered military service prior to graduation from Wareham High School.

Grand Marshalls selected by the Committee in prior years were:

Mr. Ted DuMoulin-2011-(deceased)

Mr. Vernon Ingraham-2012

Mr. James Bruce-2013

In early 2015, the Board of Selectmen revitalized the Council and appointed a roster of veterans, non-veterans and local youth to the organization. The Council with the assistance of Wareham Middle School students and volunteers identified and decorated veteran's graves, monuments and dedicated bridges throughout the community in preparation for Memorial Day 2015.

Mr. James Bruce (Clerk of the Council) was appointed Commander of the Ceremonial detail. On May he and representatives of the VFW, American Legion, Board of Selectmen, Wareham High School Army JrROTC, Veterans Council and volunteers conducted appropriate ceremonies in approximately eight locations in Wareham and Onset.

The Council continues to develop and broaden its program to serve the Veterans of the Wareham Community.

Respectfully submitted,

William R. C. White  
Chairman

## **REPORT OF THE WATER POLLUTION CONTROL FACILITY**

To the Honorable Board of Selectmen and the Citizens of the Town of Wareham:

Several Capital improvement projects were initiated in FY2015.

New generators were installed at 3 pump stations: Onset Pier pump station, South Water St. pump station and North Blvd. pump station. Two of the three were nonfunctional. We will continue to replace 3 generators per year due to age and unavailable parts.

Two clarifiers (original equipment) were resurfaced; which are an important part of the treatment process. This resurfacing makes them structurally sound. This is where the solids (bio mass) are removed before going to the Agawam River.

The roof on operations building was replaced with a 20 year warranty. Servicing of the air conditioner was part of this replacement.

Two new air conditioner units were installed in the blower building. The blower building is where the plant's electrical room is located and houses CPU unit, motor starters and VFD.

Three aeration blowers have new variable frequency drives (VFD) for efficiency as the old ones could not be read and tripped out regularly.

Depot Street, Narrows, and Hynes Field pump stations have new radio towers and CPU which will be tied into the Supervisory Control and Data Acquisition (SCADA) system at the main plant allowing control of each pump station. This will enhance the ability to pace flow and have greater control of the Equalization basins. This is a part of Capacity Management Operations and Maintenance (CMOM).

The GREASEZILLA contract is completed with construction nearly completed. Delivery of the unit is scheduled for October or November of 2015.

A draft of the C.I.P (Capital Improvement Plan) is in the final stages with the final 20 year plan due September 1, 2015. The goal is sustainability through actual and/or projected issues, likelihood of failure, the consequences of failure and proper budgeting.

With the newly elected Board of Sewer Commissioners on board on May 1, 2015, we are looking forward to the direction and guidance they will bring to the process.

The WPCF expresses a sincere thank you to all of our enterprise customers for their support, help, tough love and trust. We are your public servants and may we never lose sight of that.

Respectfully submitted,

Guy Campinha, Director
