Michael Fitzgerald, Clerk	2018
John P. Cronan	2018
Robert Reed	2017
Michelle Fernandes, Associate	2017
Alan Slavin, Board of Selectmen Liaison	

## ANNUAL REPORT OF THE TOWN CLERK TO THE RESIDENTS OF WAREHAM:

Another year has passed, bringing my tenure as Town Clerk to eighteen years, and twenty-two years as a town employee. It has been my privilege and blessing to be able to give back to my community.

As always, since the beginning of the Country's involvement in Iraq and Afghanistan, we pause to remember our fellow Americans and brave soldiers stationed so far from home. We also include those brave soldiers lucky enough to be blessed to have returned home. To our families here in Wareham and across the country, who have experienced the loss of a loved one, we keep you in our prayers and extend our sympathies.

This is the ninth year of our involvement in the Senior Work-Off Program. Our participants continue to work toward completion of their fifty hours with heart, loyalty and determination. The Staff in the Town Clerk's Office would like to extend a heartfelt thank you for their hard work. As was stated last year, these Senior Ladies are and continue to be an asset in making the Town Clerk's Office more efficient in catching up on some of the many smaller task that get pushed to the back burner.

We always encourage our residents to get into our office to license their dogs in a timely fashion. Our program runs calendar year, not fiscal year, and has done so since 1999. Our licensing period is from January 1<sup>st</sup> through to December 31<sup>st</sup> of each year. We are not receiving funding to send out post cards reminding dog owners to license their dogs. However, we always advertise in local newspapers, on our website, and on all census forms, which are mailed yearly to all residents. Licenses are usually available around the second week in December, for those early birds interested in beating the rush.

So far this year we have licensed 1,454 dogs for 2016. We recognize and thank our Dog Officer, Cheryl Gorveatt-Dill, as she continues to make a concerted effort to encourage dog owners to respect the law, and license their dogs. Late fees for renewals do not go into effect until April 1<sup>st</sup> (up \$10) and June 1<sup>st</sup> (up \$10). However, on August 1<sup>st</sup> and after, the late fee is a flat \$50 for renewals on any and all dogs. New registrations remain \$10 for a neutered animal and \$13 for unaltered animals; and there is no charge for specially qualified dogs, upon receipt of verification from the owner. All animals being licensed must have a valid rabies certificate on file. Seniors who are 70 years or older, with proof of age, get one free license per household per year; however, the late fees are still in affect if they license their dog after April 1<sup>st</sup>. Any resident unable to get into the office, can always license his/her dog by mailing a copy of the rabies certificate, a check or money order payable to the "Town of Wareham" and a self-addressed, stamped envelope. We will mail the license back; unfortunately, not the hook, as it is too bulky. Please call our office with any questions or concerns.

Business Certificates are required for anyone conducting a business in their home or in a commercial space located within the Town of Wareham. Business certificates cover a period of four years from the time of application. The fee for the Business Certificate is \$50. Anyone who may be conducting a business now should check your business certificate, which would expire this year if you first applied in 2012. Take the time to check and make sure your certificate is current. Business Certificates should always be available to any patron and/or customer asking to view same.

The year 2015 was our off year for state elections, but we did complete our Fall Town meeting held on October 26, 2015. However, 2016 began with our Presidential Primary on March 1, 2016. Our Annual Town Election was held on April 5, 2016, followed by the Annual Town Meeting on April 25, 2016. We are poised for a State Primary, scheduled for September 8, 2016; our Annual Fall Town Meeting tentatively

scheduled for October 24, 2016; and our Presidential Election will be held on November 8, 2016.

After navigating all the town meetings and elections, we then turned our attention and concentration to the other demanding and pending matters of the Town Clerk's Office, i.e. town census; finishing up town meeting articles and minutes, our part of the town report, getting the street list printed, binding old records; reorganizing our safe; continued work on the CVR system; catching up on raffle permits, business certificates and dog licenses. We have mastered the new system for birth and death records, which, now completed via the internet between the Hospitals and the Clerk's Office.

With the change in the open meeting law and the ethics law since 2009, we are responsible for ensuring that the town is compliant. The Clerk's Office must track town employees, school employees, and district employees regarding the yearly notification for the ethics law summary, and make certain that the ethics test is completed every two years .

With community in mind, we are here to assist with genealogy research, which is constant. The curiosity regarding our past has taken on a life of its own. On many occasions, we are accessing old records regarding births, marriages and deaths, and also spending time researching town meeting and election records with limited delay in turn-around time.

Unfortunately, with the continued budget constraints, the Clerk is limited in the attendance of the Clerk's Conferences. However, I continue to attend local trainings when sponsored by the Town of Wareham, training via the website, and I continue to maintain my memberships with many of the Town Clerk Associations.

I would also like to take this opportunity to extend a "Thank You" to Donna J. Rhodes, Assistant Town Clerk, and our newest member to our staff, Jenna Correia, Office Assistant Three, for their immeasurable support and outstanding service to the Town of Wareham and our residents. Finally, one should always give thanks for the Blessings they receive and always say "Thank you." So a sincere "Thank You" to the folks and voters for their faith and overwhelming support during the past eighteen years.

Your Town Clerk's Office continues to encourage contact regarding questions or concerns and reminds everyone that we can be reached by telephone at 508-291-3140 or by the following methods: [masilva@wareham.ma.us](mailto:masilva@wareham.ma.us) or [clerk@wareham.ma.us](mailto:clerk@wareham.ma.us). My assistant can also be reached at [drhodes@wareham.ma.us](mailto:drhodes@wareham.ma.us) and my secretary at [jcorreia@wareham.ma.us](mailto:jcorreia@wareham.ma.us).

Respectfully submitted,

Mary Ann Silva  
Town Clerk

**FALL TOWN MEETING WARRANT**

**TOWN OF WAREHAM**

**OCTOBER 26, 2015**

WAREHAM HIGH SCHOOL  
7 VIKING DRIVE  
WAREHAM, MA

7:00 PM

COMMONWEALTH OF MASSACHUSETTS

PLYMOUTH SS

TO EITHER OF THE CONSTABLES OF THE TOWN OF WAREHAM

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of the Town qualified to vote in Town affairs to meet in the High School Auditorium, 7 Viking Drive, Wareham, MA on Monday, October 26, 2015 to act on the following articles:

**ARTICLE: 1**

To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow such sums of money as are necessary to fund the annual operating budget of the Town for Fiscal Year 2016, or take any other action relative thereto.

Inserted by the Board of Selectmen at the request of the Town Administrator

**MOTION:** Joan Fontes

I move that the Town vote to make the following transfers:

- A. \$565,842 from Certified Free Cash to cover the FY15 Snow and Ice deficit  
As of June 30, 2015.
- B. Transfer the sum of \$86,590 from the Non-Net Budget Line to the  
Municipal Maintenance Salary Line.

**VOTE: MAJORITY – FAVORABLE ACTION**

**Board of Selectmen voted: (No vote)**

**Finance Committee voted: (No vote)**

**ARTICLE: 2**

To see if the Town will vote to approve the FY16 Capital plan and further to see if the Town will vote to raise and appropriate, or transfer a sum of money to fund the FY16 Capital plan, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen at the request of the Town Administrator

**MOTION:** Joan Fontes

I move that the Town vote to approve and fund the Capital Purchases as follows:

A.	Decas PA System	\$90,000	Free Cash

**ARTICLE: 32**

We, the undersigned residents in the town of West Wareham, Massachusetts, respectfully petition the town of Wareham, Massachusetts for a Rent Control Board to oversee the rights of low income senior residents living in mobile home parks within the town limits, as pertain to rent increases by the owner/operators of said parks, or take any other action relative thereto.

Inserted by Darrell S. Keighley, et al.

**MOTION:** Darrell Keighley

I move that the Town votes in the affirmative to create a Rent Control Board for mobile home parks.  
Second

The Moderator explained that in order to create a Rent Control Board, this article and motion needs to state that we petition the General Court for Legislative approval. This body cannot create this type of Board.

School Building Authority (“MSBA”). The Town acknowledges that the MSBA’s grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any costs the Town incurs in connection with the feasibility study in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the Town.

Inserted by the Board of Selectmen at the request of the School Committee

**MOTION:** Joan Fontes

I move that the Town of Wareham vote to appropriate the amount of one million dollars (\$1,000,000) for the purpose of paying costs of a feasibility study of the addition/renovation, or extraordinary repair or replacement through a new building of the Minot Forest Elementary School, 63 Minot Avenue, Wareham, Massachusetts 02571, including the payment of all costs incidental or related thereto, and for which the Town of Wareham may be eligible for a grant from the Massachusetts School Building Authority (“MSBA”), said amount to be expended under the direction of the school building committee. To meet this appropriation the Treasurer, with the approval of the Board of Selectmen is authorized to borrow said amount under and pursuant to MGL chapter 44, or pursuant to any other enabling authority. The Town of Wareham acknowledges that the MSBA’s grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any costs the Town of Wareham incurs in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the Town of Wareham, and that the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Feasibility Study Agreement that may be executed between the Town of Wareham and the MSBA. Second

**VOTE: 2/3 UNANIMOUS - UNCOUNTED – FAVORABLE – DECLARED BY MODERATOR**

**The Board of Selectmen Voted: Favorable Action (4-1-0)**  
**The Finance Committee Voted: Favorable Action (6-0-0)**

**ARTICLE: 17**

To see if the Town will vote to appropriate, borrow or transfer from available funds, an amount of money to be expended under the direction of Wareham School Committee for a partial roof and boiler replacement project at John W. Decas Elementary School, 760 Main Street, Wareham 02571, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program and for which the Town may be eligible for a school construction grant from the Massachusetts School Building Authority (“MSBA”). The Town acknowledges that the MSBA’s grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any project costs the Town incurs in excess of any grant approved by and received from the MSBA for the Project shall not exceed the lesser of (1) (70.1) percent (%) of eligible, approved project costs, as determined by the MSBA, or (2) the total maximum grant amount determined by the MSBA.

Inserted by the Board of Selectmen at the request of the School Committee

**MOTION:** Joan Fontes

I move that the Town of Wareham vote to appropriate the amount of two million, four hundred and forty two thousand, one hundred and eighty one (\$2,442,181) Dollars for the purpose of paying costs of

partial roof and boiler replacement at John W Decas Elementary School, 760 Main Street, Wareham MA 02571, including the payment of all costs incidental or related thereto (the “Project”), which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program, and for which the Town of Wareham may be eligible for a grant from the Massachusetts School Building Authority (“MSBA”), said amount to be expended under the direction of Wareham School Committee. To meet this appropriation the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow said amount under M.G.L. Chapter 44, or pursuant to any other enabling authority. The Town of Wareham acknowledges that the MSBA’s grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any project costs the Town of Wareham incurs in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the Town of Wareham; provided further that any grant that Town of Wareham may receive from the MSBA for the Project shall not exceed the lesser of (1) 70.1 percent of eligible, approved project costs, as determined by the MSBA, or (2) the total maximum grant amount determined by the MSBA; and that the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Project Funding Agreement that may be executed between the Town of Wareham and the MSBA. **ARTICLE: 19**

To see if the Town will vote to request the General Court of the Commonwealth to amend Chapter 114 of the Acts of 2014, the “Sewer Commission Act”, so-called a home rule petition bill and related Wareham Town Charter provisions to amend, clarify and define the powers and duties of the elected sewer commissioners.

Section 1. Notwithstanding the provisions of any general or special law to the contrary, the Charter of the Town of Wareham, which is on file in the office of the archivist of the Commonwealth as provided by Section 12 of Chapter 43B is hereby amended as follows:

Section 3-7 Board of Sewer Commissioners:

Composition, Term of Office – There shall be a Board of Sewer Commissioners consisting of 5 uncompensated members, with no group health or insurance benefits, who shall be elected to 3-year terms, so arranged that the terms of as nearly an equal number of members as possible shall expire each year. At least 3 shall be sewer users and at least 1 shall be a non-sewer user.

Powers and Duties – The Board of Sewer Commissioners shall make careful studies of the resources, possibilities and needs of the town related to the availability of sanitary sewers and for the maintenance of a sanitary sewer system. **“The Board of Sewer Commissioners shall not be subject to the supervision of any department, commission, board, bureau, agency or administrator of the Town except to the extent and in the manner provided by the Wareham Town Charter. The Board of Sewer Commissioners, in the performance of their elected duties, shall from time to time hire, transfer or otherwise appoint or employ legal counsel, financial advisors and such other experts, engineers, agents, accountants, clerks and other consultants and employees as it deems necessary and determine their duties.”** The Board shall develop a comprehensive or master plan for a town-wide system of sanitary sewers, which shall include, in graphic and textual form, policies to govern the future growth and development of the entire town. The Board, in conjunction with other land use bodies shall assist in developing a long-range strategic plan for guiding town growth and development. The powers and authority of the Board shall include: (1) oversight of the Sewer Enterprise Fund; (2) setting rates and charges for the use of the sanitary sewer system; (3) responsibility for the appointment of the Sewer Superintendent as established in subsection (d); and (4) providing advice to the Board of Selectmen relating to the intergovernmental agreements concerning sanitary sewers. The day-to-day operation, care and maintenance of the sewer department shall be under the supervision of the Sewer Superintendent. Except as expressly provided by this Charter, the Board of Sewer Commissioners’ authority and sewer superintendent’s responsibilities shall pertain only to the operation of the sewer system and facilities. The Town Administrator shall maintain and exercise administrative control over personnel as provided by this Charter, and the Board of Selectmen shall be the Town of Wareham’s sole collective bargaining agent as provided for by G.L.c. 150E. **“The Board of Sewer Commissioners shall be included in the collective bargaining process as it pertains to the Water Pollution Control Facility.”**

Appointments – Upon an opening on the Board for which there is no candidate, the position shall be filled by appointment by the Board of Selectmen and the existing members of the Board of Sewer Commissioners. The person appointed to the opening shall serve in that position until the next election.

Sewer Superintendent – The appointment of a Sewer Superintendent shall be made by the Sewer Commission and shall become effective 15 days after notice of the appointment has been filed with the

Board of Selectmen, unless the Board of Selectmen shall, within that period and by a majority vote of all of its members, reject the appointment or if the Board of Selectmen has earlier voted to affirm.

The Sewer Superintendent shall be responsible for the efficient administration of the sewer system and facilities, and for implementing votes of the Sewer Commissioners that are within the Commission's jurisdiction. Except as expressly provided in this Charter, the Sewer Commissioners shall not have control over personnel matters.

The Town Administrator shall appoint and remove, subject to the civil service law, if applicable, all sewer department subordinates and employees. Within 15 days following the day on which notice of the appointment is filed with the Board of Sewer Commissioners, the Board shall have the opportunity, by a majority vote of the full board, to affirm any such appointment, in which case the appointment becomes effective immediately, or to reject the appointment. If the Board of Sewer Commissioners does not affirm or reject an appointment within those 15 days, the appointment made by the Town Administrator shall become effective.

The Board of Sewer Commissioners shall provide a detailed and balanced budget for the sewer system and the Sewer Enterprise Fund to the Town Administrator by January 5.

The removal of the Sewer Superintendent shall be governed by Sections 7-9.

Section 2. This act shall take effect upon its passage

Inserted by Marilyn Jordan, et al., as required by law

**MOTION:** Marilyn Jordan

I move to see if the Town will vote to request the General Court to amend 114 of the Acts of 2014, The Sewer Commissioner Act, to amend, clarify and define the powers and duties of the elected Sewer Commissioners, as printed in the warrant. Second

**AMENDMENT:** Donna Bronk

Remove the last line of subsection B: "The Board of Sewer Commissioners shall be included in the collective bargaining process as it pertains to Water Pollution Control Facility." Second

**VOTE: MAJORITY – UNFAVORABLE ACTION – MOTION FAILS**

**AMENDMENT:** William Heaney

I move to amend this motion: to abolish the Board of Sewer Commissioners effective immediately, or as soon as practical, but no later than April 1, 2017 and to return its responsibilities to the Board of Selectmen. And further that the board of Selectmen have an immediate power of oversight of this Board of Sewer Commissioners until such time as they are abolished. Second

Moderator declares this motion out of order, as it is beyond the scope of the purpose of said article and would have to be a future amendment.

**MOTION:** Michael Flaherty

I would like to move the question. Second

**RE: Wareham Fall Annual Town Meeting of October 26, 2015 - Case # 7816  
Warrant Articles #28, 29, 30 and 31 (Zoning)  
Warrant Articles #7,9,10 and 18 (General)**

Dear Ms. Silva:

**Articles 7, 9, 10, 18, 28, 29, 30 and 31** - We approve Articles 7, 9, 10, 18, 28, 29, 30 and 31, from and the maps pertaining to Articles 28, 29, 30 and 31, from the Wareham October 26, 2015 Fall Annual Town Meeting.<sup>1</sup> We will return the approved maps to you by regular mail. Our comments regarding Article 10 and 18 are provided below:

**Article 10** - Article 10 amends the Town's "Junk/Old Metals/Second-Hand Dealers & Shops, Automatic Amusement Device/Video games Licenses," by-law by deleting the existing text and adding new text. Specifically, Article 10 adds new text pertaining to second hand junk dealers, collection containers, and flea markets. Our comments on Article 10 are provided below.

A. Section 1(B). "Additional requirements: Collection Containers".

The new Section 1(B) requires a license for the placement of collection containers. <sup>2</sup> In Addition, the by-law imposes requirements on the location and placement of collection containers, including limiting them to (1) properties located in the Strip Commercial or General Commercial Districts, (2) properties owned by a charitable or religious entities; and (3) properties owned by the Town of Wareham. *See* Section 1(B) (1). Section 1 (B) (2) requires a "permit decal" to be placed

1

Articles 28, 29, 30 and 31 are petition articles that seek to rezone certain land in the Town. The posted and published planning board hearing notices for these Articles did not include a statement where the text of the proposed amendment be inspected. This statement is required pursuant to G.L. c. 40A, § 5. However, the notices included the exact text of the Articles; therefore, we approve them.

Section 3 of the by-law, “Definitions,” defines “Collection Container” as “[a] mobile, portable or stationary container or structure used solely for the short term collection or acquisition of Second Hand Articles and which is not used for storage or refuse.” on the collection container, in addition to other identifying information, and the Board of Selectmen is authorized to impose a fee for the permit decal.

The constitutions of the United States and the Commonwealth of Massachusetts protect the rights of individuals to exercise their religion freely. *See* U.S. Const. amend. I; Declaration of Rights of the Constitution of Massachusetts, art. 2; Mass. Const. amend., art. 46, §1. Moreover, several state statutes limit the requirements that may be placed on religious uses by local laws. For example, G.L. c. 40A, § 3, provides exemptions from local zoning for religious uses in pertinent part as follows:

No zoning. . . by-law shall prohibit, regulate or restrict the use of land or structures for religious purposes or for educational purposes on land owned or leased by the commonwealth or any of its agencies, subdivisions or bodies politic or by a religious sect or denomination, or by a nonprofit educational corporation; provided, however, that such land or structures and determining yard sizes, lot area, setbacks, open space, parking and building coverage requirements. . . .

Based on the protections given to religion and religious uses under the federal and state constitution and laws of the Commonwealth, we suggest that the Town discuss with Town Counsel the application of licensing requirements for collection containers for religious uses.

In addition any fee imposed under Section 1 (B) (2) must be consistent with state law. A Municipality may impose fees; however, it “has no independent power of taxation.” *Silva v. City of Attleboro*, 454 Mass. 165, 169 (2009). In distinguishing valid fees from impermissible taxes, the Supreme Judicial Court has noted that fees tend to share the following common traits: (1) fees, unlike taxes, are charged in exchange for a particular governmental service which benefits the party paying the fee in a manner not shared by other members of society; (2) user fees (although not necessarily regulatory fees) are paid by choice, in that the party paying the fee has the option of not utilizing the governmental service and thereby avoiding the charge; and (3) fees are collected not to raise revenues but to compensate the governmental entity providing the services for its expenses. *See Silva*, 454 Mass. At 168 (*citing Emerson College v. City of Boston*, 391 Mass. 415, 424-25 (1984)). We suggest that the Town discuss this issue in more detail with Town Counsel.

#### B. Section 2. “Enforcement”.

Section 2 (3) authorizes the Town to impose penalties for violations of the by-law. Specifically, Section 2 (3) authorizes the town to impose a fine “of not less than two-thirds (2/3) the cost of the License for each offense. . . .” General Laws Chapter 40, Section 21, provides that Towns may “affix penalties for breaches [of by-laws] not exceeding three hundred dollars for each offense.” Towns are limited to imposing fines of up to \$300 for *by-law* violations. Therefore, a fine of not less than two-thirds the cost of a license cannot exceed \$300. We Suggest that the town discuss the application of Section 2 (3) with Town Counsel.

Section 2 (4) authorizes the Town to use the provisions of “non-criminal disposition as set out in M.G.L. Ch 40, Section 21D” to enforce the by-law. General Laws Chapter 40, Section 21D, has several requirements, including the requirement that the violation be subject to a specific penalty. In

order for the Town to utilize the non-criminal disposition method of enforcement in G.L. c. 40, § 21D, the Town will have to provide a specific penalty, in a sum certain, for violations of the by-law (for example \$300.00). We suggest the town consult further with Town Counsel on this issue.

**Article 18** – Article 18 adds a new Division XII, Article I “Enforcement” to the Town’s general by-laws that authorizes the Town Administrator or his or her designee(s) to act as the enforcement officer for any Town by-law. Article 18 also creates a revolving fund that enforcement fines will be credited to and that can be expended by the Town Administrator or his or her designee for purposes of paying for enforcement activities. We take no action on that portion of Article 18 that created the revolving fund. Votes to create revolving fund are not by-law amendments and therefore are not subject to review and approval by the Attorney General. See G.L. c. 40, § 32.

**Note: Pursuant to G.L. c. 40, § 32, neither general nor zoning by-laws take effect unless the Town has first satisfied the posting/publishing requirements of the statute. Once this statutory duty is fulfilled, (1) general by-laws and amendments take effect on the date that these posting and publishing requirements are satisfied unless a later effective date is prescribed in the by-law, and (2) zoning by-laws and amendments are deemed to have taken effect from the date they were voted by Town Meeting, unless a later effective date is prescribed in the by-law.**

Very truly yours,

**MAURA HEALEY  
ATTORNEY GENERAL**

**RE: Wareham Annual Town Meeting of April 25, 2016 - Case # 7952  
Warrant Articles #15 and 20 (General)**

Dear Ms. Silva:

**Articles 15 and 20** - We approve Articles 15 and 20 from the April 25, 2016 Wareham Annual Town Meeting.

**Note:** Pursuant to G.L. c. 40, § 32, neither general nor zoning by-laws take effect unless the Town has first satisfied the posting/publishing requirements of the statute. On this statutory duty is fulfilled, (1) **general** by-laws and amendments take effect on the date that these posting and publishing requirements are satisfied unless a later effective date is prescribed in the by-law, and (2) **zoning** by-laws and amendments are deemed to have taken effect from the date they were voted by Town Meeting, unless a later effective date is prescribed in the by-law.

Very truly yours,

## BOARD OF ASSESSORS

### ELECTED ASSESSORS:

Steven F. Curry (2018), Chairman  
 James M. McCahill (2017)  
 John T. Donahue (2018)  
 Priscilla Porter (2017)  
 Roxanne Barboza (2019)

### PROFESSIONAL OFFICE STAFF:

Jacqui Nichols, MAA, Director of Assessment  
 Steven Curry, MAA, Assistant Assessor  
 Robin E. Maraccini, Department Assistant III  
 Nancy L. Roth, Department Assistant IV  
 Elizabeth A. Tripp, Department Assistant III

The Wareham Board of Assessors and the staff in the assessing department are committed to giving the residents and taxpayers of the Town of Wareham quality service in a professional atmosphere. The main objective of the office is to compile fair and equitable valuations for the purpose of taxation. The Town currently values all real and personal property. Motor vehicle and boat valuations are based on guidelines set by the Massachusetts Department of Revenue, and other State agencies.

The Board of Assessors adjusted the assessed values for the fiscal year 2016, in accordance with the Interim Adjustment methodology required by the Department of Revenue.

We have begun the process of a State mandated full measure and list which will continue for the next several years as we visit every property in Town. If you have any questions regarding the measure and list, please call our office at (508) 291-3160.

**THE BOARD OF HEALTH  
ANNUAL REPORT FY16  
July 1, 2015 – June 30, 2016**

To the Honorable Board of Selectmen and the Citizens of the Town of Wareham:

The Board of Health hereby submits its annual report for the fiscal period July 1, 2015 to June 30, 2016.

The Wareham Board of Health administers and coordinates public health programs and services, enforces state and local public health regulations and sanitary codes including local regulations promulgated by the Board of Health.

Our responsibilities include subsurface sewage disposal plan review, installation and construction inspections, food establishment inspections and complaints, Chapter II housing inspections and complaints, motel and swimming pool inspections, beach water testing at public and semi-public beaches. We issue construction works permits, food handlers cards, license body art establishments and body artists. The Board of Health supervises a public health nurse who conducts health clinics, immunization programs and communicable disease reporting, blood pressure screenings, wellness presentations, and follow-up investigations. The Septic Loan Program continues to be administered by the office of Community Development and together with the Board of Health, assists approved property owners with low interest loans to upgrade failed septic systems and costs associated with abandonment of septic systems and connection to municipal sewer.

The Wareham Board of Health is affiliated with the Massachusetts Department of Public Health, Emergency Preparedness Plymouth County Regional Coalition, for purposes related to regional public health emergency preparedness including acts of bioterrorism, and outbreaks of infectious disease. The Wareham Board of Health in conjunction with State and Federal health departments have developed emergency plan binders containing Infectious Disease Emergency Plans (IDEP), Risk Communication Plans, Continuity of Operations Plans (COOP), and Emergency Dispensing Site plans (EDS), which meet requirements of the Center for Disease Control (CDC) designed to address all public health emergencies.

The Town of Wareham under direction of the Wareham Board of Health is associated with the Middleborough Area Medical Reserve Corps, serving Middleborough, Wareham, Marion, Mattapoisett and Rochester, for purposes of staffing Emergency Dispensing Sites in the event of infectious diseases or bio-terrorism incidents.

**Revenues:**

The following revenues have been recorded during fiscal year 2016 and include: All Food Service Permits, Food Handler Permits, Tobacco Sales Permits, Percolation Tests, Plan Reviews, Septic Installer Licenses and Tests, Title V Filing Fees, Title V Certificates, All Septic Installation and SSDS Repair Permits, Variance Hearing Fees, Stables, Wells, Pools, Body Art Permits, Tanning, B&B Units, Motels/Cabins, Mobile Home Parks, Lodging Houses, Campgrounds, Sewer Haulers, Rubbish Haulers, Public Information Requests, Copies, Chapter II Housing Inspections, Tobacco Permits, Reimbursements and other miscellaneous Items.

**\$174,235.59**

The Board of Health would like to thank the Board of Selectmen, Administration Offices, Wareham Police Department, Wareham Fire Department, Onset Fire Department, Community and Economic Development Authority, Municipal Maintenance, Wareham Senior and Social Services, Animal Control, Water Pollution Control, Wareham and Onset Water Districts, School Department, Wareham Housing Authority, Harbormaster's Office, Inspectional Services, Data Processing, Wareham Emergency Medical Services, and all Boards, Commissions, committees and the citizens of the Town of Wareham for their support and cooperation throughout the year.

The Wareham Board of Health website is available @ [www.wareham.ma.us/publicdocuments/warehammahealth/index](http://www.wareham.ma.us/publicdocuments/warehammahealth/index)

Facebook/Wareham Board of Health

Respectfully submitted,

Robert M. Ethier, Public Health Director  
Wareham Board of Health

Amy Wiegandt, M.D., Chair  
Glenn Monteiro, Member  
Catherine Phinney, R.N., Member  
Thomas L. Gleason, M.D., Associate Member

## COMMUNITY AND ECONOMIC DEVELOPMENT AUTHORITY

The Wareham Community and Economic Development Authority (CEDA) was created by legislation enacted in 2004 and amended in 2007. CEDA is the Town's Community and Economic Development Planning Agency and has administrative responsibility and oversight for the Town's Community and Economic Development projects and initiatives. CEDA is guided by a seven member board. The CEDA Board provides budget oversight, as well as programmatic and planning guidance to the Director and other CEDA staff. The Board is responsible for recommending plans and actions to the Board of Selectmen for its review and approval.

The following residents have been appointed to the CEDA Board:

Jean Connaughton, Chairman	Term Expires June 30, 2018
Kat Jones	Term Expires June 30, 2018
Robert Brady	Term Expires June 30, 2017
Michael Fitzgerald	Term Expires June 30, 2017
Kenneth W. Fontes	Term Expires June 30, 2016
Rhonda Josey	Term Expires June 30, 2016
Barbara Sullivan	Term Expires June 30, 2016

### Staffing

In late 2015, CEDA Director Salvador Pina resigned. The Town Administrator appointed a management consultant, Community Opportunities Group, Inc., to serve in this position on an interim basis. The CEDA Rehabilitation Inspector's position also became vacant in late 2015 and has been filled on an interim basis. Below is a list of the individuals who currently fill CEDA's staff positions:

- Peter Sanborn, Acting Director (contracted)
- Karen Hamilton, Grants Manager
- Jaime Rebhan-Buckmister, Senior Program Manager
- Paula Nord, Department Secretary
- Don Bucchianeri, Rehabilitation Inspector (contracted)

### Funding

The majority of CEDA's funds come through the Commonwealth of Massachusetts Community Development Block Grant (CDBG) Program's Mini-Entitlement grants, administered by the MA Department of Housing and Community Development (DHCD). During the past year CEDA received a new \$825,000 grant from the program and also continued to carry out two earlier CDBG grants. CEDA will use these new funds to continue its Housing Rehabilitation Program, provide funds to assist different local and regional non-profit organizations, and fund the fourth phase of streetscape improvements in Wareham Village. CEDA also receives Program Income funds, which is generated through the repayment of housing rehabilitation loans. Program Income can be used to augment the Town's CDBG funds, or for other purposes that meet specific requirements. In addition to its grant funds, CEDA also owns two properties that generate revenue on an annual basis. CEDA is a self-sustaining department that receives no funding from the Town's annual budget.

### Wareham Housing Rehabilitation Program

CEDA provides assistance to Wareham residents who need help with correcting code violations and rehabilitating their homes. To be eligible, a property owner must live in the property as his/her primary residence, reside in the Program's designated target (geographic) area and meet a low- or moderate-income guideline, or rent the property on a year-round basis at an affordable rate to a lower income tenant. Residents whose homes are outside of the target area may receive limited assistance to address

emergency conditions. The CEDA office accepts applications for assistance on an on-going basis. Homeowners can contact the CEDA office at 291-3100, ext. 3170, for more details.

### **Public Social Service Programs**

CEDA supported Public Services programs by awarding grants to non-profits. CEDA provided \$25,000 each to support the Boys & Girls Club's after-school program, a domestic violence prevention and intervention program by the South Shore Women's Resource Center, food purchases by Damien's Pantry, Turning Point's Day Resource Center, and transportation subsidy assistance to GATRA. These programs provided a wide range of services to low-moderate income residents. Services included: crisis intervention and outreach, food, shelter, clothing, and housing vouchers to help families in need, after-school homework assistance, and transportation assistance to lower income residents, seniors and persons with disabilities. Approximately 2,500 people are expected to receive assistance through these programs.

### **Other Activities**

*Route I-195 Information Center* - CEDA operates the Route I-195 Information Center on a seasonal basis, from April to November. The Center is a self-sustaining operation and is funded with the support of businesses who subscribe to rack space for advertising. CEDA also receives a modest grant from the MA Office of Travel and Tourism and income from product sales. During the summer, more than 30,000 tourists visited the center from all fifty (50) American States, the District of Columbia, Puerto Rico, U.S. Virgin Islands, and at least forty-seven (47) countries. The Route I-195 Information Center in Wareham is the Number One tourist information center on the I-95/ I-195 corridor between New York and southeastern Massachusetts/Cape Cod.

*Title V Septic Program* - The Title V Septic Program provides low interest loans to help Wareham residents replace failed septic systems or tie into Town sewer. The program is funded through the Department of Environmental Protection. To date the program has provided Betterment Loans of approximately \$1.4 million to more than 215 residents. At the end of 2015, the Town was nearly complete with Round VII of the Program and about to begin distributing an additional \$200,000 in Round VIII funds.

Respectfully submitted,

Peter D. Sanborn, Acting Director  
Community & Economic Development Authority

**COMMUNITY PRESERVATION COMMITTEE  
REPORT FY16**

*THE COMMUNITY PRESERVATION ACT, MGL CHAPTER 44B (CPA), IS LEGISLATION WHICH ALLOWS CITIES AND TOWNS IN THE COMMONWEALTH OF MASSACHUSETTS TO ADOPT A PROPERTY TAX SURCHARGE WITH SURCHARGE REVENUES PLUS MATCHING FUNDS FROM THE STATE TO BE ALLOCATED FOR THE “ACQUISITION, CREATION AND PRESERVATION OF OPEN SPACE, THE ACQUISITION, CREATION AND PRESERVATION OF HISTORIC STRUCTURES AND LANDSCAPES AND THE CREATION AND PRESERVATION OF COMMUNITY HOUSING.”<sup>1</sup>*

In 2002, Wareham enacted the Community Preservation Act (CPA) approving a 3% real estate tax surcharge (with initial \$100,000 property value exclusion) which qualifies the Town to receive state funds from the Commonwealth each year. The state funds are generated by recording fees at the Registrar of Deeds. To date the Town of Wareham has received \$4,330,305 of these funds.

In FY16, the Town of Wareham collected \$682,236 in CPA funds and received \$244,201 from the state. With funds unspent from prior year, Community Preservation Commission (CPC) had a balance of \$2,808,713 to support approved projects. At both the Fall 2015 and Spring 2016 Town Meetings, the voters approved open space, recreation, and historic preservation grants for a total of \$726,200. Two CPA grant requests (new housing at Agawam Village and creation of a dog park) were not placed on the Town Meeting Warrant by the Selectman.

Following is the financial report for FY16:

FY16 REVENUE		
3% TAX SURCHARGE	662,634	
STATE MATCH FUND	244,201	
INTEREST EARNED	19,602	
UNALLOCATED PRIOR YEAR	1,348,416	
OPEN SPACE RESERVE	55,200	
AFFORDABLE HOUSING	428,003	
HISTORIC PRESERVATION	50,657	
TOTAL REVENUE		2,808,713
FY16 GRANTS		
ONSET BOAT RAMP	100,000	
3 TENNIS COURTS at WMS	90,000	
OLD SCHOOL HOUSE	34,200	
BRYANT FARM WALKING TRAILS	67,000	
SWIFT BEACH ENGINEERING PLAN	11,000	
ONSET BAY PROJECT	400,000	
WESTFIELD SOFTBALL FENCES	24,000	

FUNDS RETURNED CLOSED		
PROJECTS	-30,871	
ADMIN FUNDS	3,228	
TOTAL GRANTS		698,557
FY16 CPA FUND BALANCE		
BALANCE UNALLOCATED	1,329,524	
OPEN SPACE RESERVE	136,400	
AFFORDABLE HOUSING	509,203	
HISTORIC PRESERVATION	97,657	
ADMIN RESERVE	37,372	
TOTAL FUND BALANCE		2,110,156

Sandra Slavin – Co-chair, Treasurer, Conservation Commission

Sherbie Worthen – Clerk, at-large member

## REPORT OF THE CONSERVATION COMMISSION FY16

The Conservation Commission has the responsibility of protecting Wareham's valuable coastal and freshwater resource areas. The Commission regulates projects which may have an impact on any wetland resource area. This year, 96 public hearings were held (54 Notices of Intent and 42 Requests for Determination of Applicability) on a wide variety of projects. These projects ranged from small-scale home repairs to commercial construction. The Commission also investigated reported violations of illegal construction, pollution, and destruction of wetlands.

The Commission will continue to try to increase public awareness of the Wetlands Protection Act and the Wareham Wetland Protective By-Law and the important functions that wetlands serve. In a coastal community such as Wareham, it is increasingly important for its residents to be aware of our fragile environment. There are pamphlets available at the Conservation Office, which explain the roles of Conservation Commissioners and the functions of the wetlands, which they protect.

The scope and nature of projects submitted to the Conservation Commission to review vary widely. Seawall reconstructions, pier projects, single-family dwellings, and septic repair projects comprise the majority of new applications the Commission reviews.

In terms of larger scale commercial projects, construction continued at the Rose Brook Place project which involves the construction of a hotel and conference center, a bank, a restaurant, and several other buildings designed to accommodate a mixture of commercial and residential uses. Also, the new Wal-Mart store at the corner of Tobey Road and Cranberry Highway was completed during this fiscal year. Site work and construction of a solar field project off of Beaver Creek Lane for Next Sun Energy commenced as well. These projects will require ongoing monitoring as they progress.

The citizens group known as "CAMP", Clean-up Agawam Mill Pond, officially commenced their project which is aimed at treating invasive aquatic vegetation in Agawam Mill Pond by the application of an approved herbicide. After a lengthy public hearing process, CAMP received approval to chemically treat invasive aquatic vegetation in Agawam Mill Pond. The first phase of the project is all that has been approved at this point. The approval of future phases will depend on the success and monitoring results of the first phase.

The Conservation Administrator, David Pichette, continued to serve as the Town's representative to the Buzzards Bay Action Committee(BBAC). Mr. Pichette has continued to attend the monthly meetings of the BBAC which involve discussions on a variety of important topics. These discussions have been informative and timely in terms of looking at issues that need to be addressed to improve and preserve the long term health of Buzzards Bay. In the fall of 2015, the BBAC received a \$200,000 U.S. EPA Healthy Communities Grant. The grant includes five towns (Dartmouth, Acushnet, Fairhaven, Mattapoisett, and Wareham) that are working with the Buzzards Bay Action Committee and the Buzzards Bay National Estuaries Program to map stormwater networks and monitor stormwater discharges which are contribute to shellfish bed closures and other pollution-caused impairments. The information generated from this project will help Towns identify, manage, and improve their stormwater discharges. This work will also support the Towns efforts to meet goals of their MS4 stormwater management plans.

As a result of a vote at the Fall 2015 Town Meeting, a Wetland By-law Study Committee was formed to review the Towns wetland by-law language. The Committee was comprised of two members of the Conservation Commission, a member of the Board of Selectmen, Planning Board, Zoning Board of

Appeals, and several citizens at large. After months of meetings, the Committee presented a revised and improved Wetland Protective By-law to the voters at the Spring Town Meeting in April of 2016. Voters approved the revised language. The Conservation Commission will continue to discuss the By-law language and consider other potential revisions. The Commission appreciates the work that was done by the Wetland By-law Study Committee.

The Commission will continue to promote the importance of protecting open space. Open space properties serve as wildlife habitat and also provide natural areas for the public to enjoy. The Wareham Land Trust has also been very active increasing Wareham's protected open space. The Town of Wareham has partnered with the Land Trust and the Buzzards Bay Coalition on several land acquisition projects. The Commission appreciates the hard work of both the Wareham Land Trust and the Buzzards Bay Coalition, and their continued efforts to promote projects aimed at the preservation of environmentally sensitive areas in town.

The Commission has been actively involved with addressing several wetland violations, some of which have resulted in significant impacts to wetland resource areas. The Commission may issue fines to violators. Violators may be property owners and/or contactors performing unpermitted activities in proximity to wetland resource areas. Property owners considering building projects, land clearing, filling, landscaping activities, etc., within areas subject to Conservation Commission jurisdiction should consult with the Conservation Administrator prior to conducting said activities to avoid violations and the potential expenses (fines, wetland restoration costs) associated with violations.

A total of \$21,554 has been collected this year by the Conservation Commission for Wetland Permit filing fees. The Commission also collected \$1600.00 in fines issued for violations of Wetland Laws.

The conservation office is staffed by a part-time secretary, Kelly Barrasso, who does an excellent job keeping the office running efficiently, and full-time Conservation Administrator, David D. Pichette. The Conservation Commission meets regularly at 7:00 P.M., the first and third Wednesday of every month. Occasionally, additional special meetings are held due to a heavy case load or emergency situations.

Wareham Conservation Commission,

Kenneth Baptiste, Chairman

**COMMUNITY EVENTS COMMITTEE  
ANNUAL TOWN REPORT – 2015**

**TO:           The Honorable Board of Selectman  
              And the Citizens of the Town of Wareham**

The Community Events Committee’s mission is to sponsor and encourage community events, projects, activities, services, programs, and public improvements which are of mutual interest to the visitors and residents of the Town of Wareham and which strengthen the Town by fostering community involvement and spirit. Money is collected by the Mass. Dept. of Revenue from the hotel/motel/bed and breakfast room tax revenue and parking receipts, and a portion has been reimbursed to the Town of Wareham for promotional purposes. This legislative act was refiled in 2015 and had been ongoing since. Our meetings are scheduled the third Monday of each month and are open to the public

The following non-profit organizations/groups the following grant were given grants.

- |   |                    |
|---|--------------------|
| <b>Onset Bay Association</b>  | <b>\$8,649.13</b>  |
| (includes advertising and promoting : OBA Kayak, Poker Run; July 4 <sup>th</sup> Fireworks, Illumination Night, Blues Festival, Summer of Fun Music Series, Shakespeare in the Park; Street Festival, Christmas in the Park, and Family Fun Day; radio advertising; magazine advertising; (banners on pier) |                    |
| <b>Wareham Historic Society</b>   | <b>\$216.63</b>    |
| (Advertising events & banners)  |                    |
| <b>Cape Verdean Festival</b>  | <b>\$2,985.00</b>  |
| (Promoting & advertising the annual event)  |                    |
| <b>Don’t Trash Wareham</b>  | <b>\$4,146.57</b>  |
| (Promotion & signs)   |                    |
| <b>Onset Jazz Festival</b>  | <b>\$1,065.07</b>  |
| (Promoting & advertising the annual event)  |                    |
| <b>Town Wareham Fireworks</b>   | <b>\$12,705.59</b> |
| (Police, municipal maintenance, and harbormaster – ONLY). The Fireworks Committee is responsible for raising funds for the fireworks.   |                    |

All participants in this program are required to submit detailed reports and receipts before they are reimbursed.

The committee asks each organization to use the CEC logo in their promotional materials as a way of letting the residents know the source of the funding

We wish to thank all those who submitted applications for this funding program.

Respectfully submitted,

Linda Gay, Recording Secretary

Committee Members:

Susan J. Ricci-Sohn, Chairman

Lori Benson, Member

Joan Fontes, Finance Committee Representative

Jean Connaughton, CEDA Representative

Alan Slavin, BOS Liaison

Derek Sullivan, Town Administrator

## **FINANCE COMMITTEE REPORT TO TOWN MEETING:**

Town Meeting is a uniquely New England institution that dates back to the Pilgrims and beyond. Actually, it has its roots in the tribal councils of our forefathers. It is based on the belief that YOU the citizen have the right, no, the duty to make decisions that guide your community forward. So tonight you are being asked to vote on 24 articles at the Annual Town Meeting and a bunch more in the Special Town Meetings.

Every spring we come together to discuss the future of our Town. Most of the time we vote on mundane things like budgets that roll over from year to year. There are also articles for one-time expenditures, changes to the way the Town does business and of course article where any citizen can petition Town Meeting to do something without having to ask the “Town officials” for permission.

None of the articles at Town Meeting tonight should be a surprise. In addition to posting the Warrant in the papers, the Library and in public areas around town; there have been open meetings, which are shown on WCTV; reports in the newspapers, and of course blogs and tweets; as well as endless discussions over a beer or coffee. Before voting, the Finance Committee likes to have each proponent explain their article and welcomes community input to the discussion. Every article on the Warrant has been carefully reviewed by the Board of Selectmen and the Finance Committee to determine whether, in their opinion, it represents the best interests of the Town.

Have you ever wanted to write a novel? The Town Warrant you have in your hands tonight is the outline for the next chapter in the story of Wareham and tonight is your chance to help craft that story. It may not be Downton Abby, but if you look at the Town Warrants over the course of a few years, a story line develops and it is the story of our Town.

For example, in 2014, the Town voted against an over-ride which would have increased our tax rate. It was soundly rejected, and consequently Town services contracted to meet the balanced budget. There were lay-offs and vital services, including the Library and Town maintenance, were reduced. We patched up equipment to keep it running and reorganized some departments. Schools lost some teachers and students were shuffled to new schools and some bus routes cancelled. Road and other maintenance were deferred and trash barrels in public areas were removed; Town Hall closed on Fridays to save utility costs. Everybody learned to do with less. This subplot continues to play out in the background of many of the decisions that are made daily in Town.

Every novel has a horror story and towns have sewer pipes. Plymouth, for example, is faced with a \$40 million bill to replace a single sewer line that failed a few months ago. Sewer pipes are often old and are frequently installed in places that make maintenance impossibly expensive. Here in Wareham, a 2014 Fall Town Meeting (Article 15) purchased a robotic CCTV camera so that WPCF employees, rather than specialty contractors, could inspect the inside of our buried piping. The same meeting (Article 7) authorized \$750K to “engineer the rehabilitation of the sewer system in the Swifts Beach area”. Well, using the new CCTV camera, Guy Campina and his crew inspected and “engineered” the worst parts of the Swifts Beach system spending less than \$100K of that authorization. The WPCF now wants to use the balance of those Article 7 funds (some \$660K) to investigate other problem areas in Town (Article 3 of the Special Town Meeting Warrant). Tonight, Article 4 in the Special Town Meeting Warrant requests \$240K to fix the most troublesome pipes in those areas by relining the pipes in place. A repair that has proven much more cost effective than digging up the old pipes to replace them. All these articles use WPCF funds. Swifts Beach is not completely fixed, but there are other problem areas crying

out for help. Mr. Campina is on the case to inspect those areas and prioritize the worst areas to avoid the horror that Plymouth experienced. Next year, there will be another chapter in this story.

Nothing seems to be easy or goes fast in government. Take for example, the ongoing series of articles to make up for deferred maintenance in our schools. The process seems to go on forever if we want to get help from the State, which we do. First, the School Department discusses the project with the Mass School Board Authority (MSBA). If they decide it is a viable project, the School Department then presents an article to Town Meeting requesting funds for a study; a STUDY, for work we all agree needs to be done!! The study typically takes a year and results in a scope of needed work, bid specs and an engineering estimate to do the work. Then, another Town Meeting must authorize the Town's share of funds for the project. Only then does the work go out for bid. Does this sound familiar? This is how the High School roof was repaired and the Minot Forest School got its new handicap lift. A year ago, at Spring Town Meeting (Article 19), you authorized funding for a "feasibility study" for the installation of a new roof system and boiler at the Decas Elementary School . That study is completed and tonight, a year later, you get to vote on Article 17 which will authorize money for Wareham's share of the funding to do that critical work.

But the Wareham story has many other positive subplots going on:

Our citizen volunteers: The "Don't Trash Wareham" movement represents a positive change in Town. These residents have stepped up to the plate and joined the Garden Club, the Fireworks Committee and other citizen groups that work tirelessly to make Wareham a better place to live.

Our commercial development: In addition to the beautiful new buildings at Rosebrook, we have a new Wal-Mart in West Wareham, but even more encouraging are the new tenants that recently moved into Cranberry Plaza and Wareham Crossing. Downtown, Zecco Marine just installed new floating docks in the Wareham River and we have new owners at the Onset Marina. All this activity confirms that a lot of folks believe in the future of Wareham. Speaking of believing in Wareham, remember to support our local entrepreneurs, the ones with small shops and businesses on Main Street, in our industrial parks and other places around Town.

Our financial controls: Each year we hire Powers & Sullivan, a big-time accounting firm, to audit our books and we dread their "Management Letter", which for years has told us: "get your act together". This year we closed the last of those accounting problems that have plagued us for years and for once, we have no "material weaknesses" in our Management Letter. We are still not perfect, but the hard work that has been going on in Town Hall and with all our department heads is finally showing positive results, that not even the Auditors can ignore. Accounting controls and funding our Reserves are essential steps to leading this Town forward.

Our future: Tonight, you will make decisions that will resonate in Wareham for years. The School Department wants to take the first step to upgrading the elementary schools. The Minot and Decas Schools have served the community and our children for half a century, but it is time to think about buying a new school for our children. Just as most of us fondly remember our first car, we are relieved to have traded it in for a newer model. The school study process will be transparent and will involve the teachers, parents, students as well as the community at large to ensure whatever we do, meets the needs of our children now and in the future. This story will resound at future Town Meetings.

Our future part 2: An organization change (Article 21) will collect the land use agencies under a Director of Planning to help coordinate planning and development in the Town. While Inspections,

Planning, ZBA, health and environmental all have unique focuses, we require a strategic plan to ensure everyone aims for the same goal; a bright future for Wareham.

Not all stories have happy endings, but ours is brighter tonight than it has been for years. The various leaders in town are working well together and are maintaining a cordial discourse as they work to shape the future of our community and find the best ways to use our limited funds.

Thank you for being here tonight, vote carefully and remember, with your help and the continued efforts of our Town fathers and Town employees, we can make the story of Wareham something we are all proud of.

**Wareham Harbormaster Department  
Marine and Environmental Services  
REPORT OF THE HARBORMASTER**

To the honorable Board of Selectmen and residents of the Town of Wareham, It is my pleasure to submit to you the 2016 annual report of the Wareham Harbormaster and Shellfish Department.

The waterways within the Town of Wareham are truly extraordinary and the popularity of the town's waterways is the result of its unique characteristics and accessibility.

The coastal infrastructure continues to be one of our greatest concerns, but efforts are now underway to start repairing and replacing many of these vital assets of our community. Areas such as the Onset Pier, floating docks and boat ramps are heavily utilized and are subjected to all weather conditions as well as the effects of saltwater. While we try and maintain these assets to the best of our ability, we are at the point where repairs are no longer an option and replacement for some of these assets is a necessity. After a very lengthy process we are finally able to remove one of the concerns from the list of infrastructure projects. With funding fully secured for the Onset Boat Ramp replacement we are anticipating to break ground during the fall of 2016 for this much needed project. The Onset Boat Ramp was originally installed in 1962 and is located on East Blvd. It serves as the only public boat ramp within Onset Harbor.

Our team strives to be a proactive department within the community. Our harbors are inviting and easily accessible so many can enjoy the beauty of our natural resources. We continue to streamline our operations through new software programs and operation methods. This spring we will be going on line with a new web-based harbor service permit management program that will allow us to update our database while in the field, as well as manage department reports, work schedules and activities. We also look forward to finalizing our partnership with a new online transient mooring rental program produced by [www.dockwa.com](http://www.dockwa.com). This innovative online system ties us into a network of marinas throughout the East Coast. We are able to process online payments, reserve moorings, post activities going on in town and interact with the customer. Reservations can be made online or by uploading from a mobile app. The Onset Launch Service continues to gain popularity amongst boaters. This service is providing an amenity that many transient boaters seek when visiting harbors and, more importantly, provides a safe means of transportation to and from their vessels. In addition to the launch service we have added additional transient moorings in Onset Harbor as well as Wareham River. All of our transient moorings have been upgraded to a new environmentally friendly mooring system with a helix auger anchor to reduce the impact to the ocean's habitat.

Our Lifejacket loaner program continues to be a success and is now the largest lifejacket loaner program in the Commonwealth of Massachusetts. Boaters are allowed to borrow a Coast Guard approved lifejacket for a child if one is needed. We have incorporated the program into our boating safety initiative and we attend fishing derby's and festivals with water related attractions. This program was made possible by BoatUS Foundation and SeaTow Foundation.

This season we have increased our oyster order to 500,000 seed. This is an increase of 250,000 from last year. The oysters will be grown out in our upweller system until they can be transported to floating cages. Their growth will be monitored until they can be distributed into a natural setting. In July we received a 1,000 bushel quahog relay to help replenish quahog stock. An area of Broad Cove and

Muddy Cove were selected to plant the quahogs. We anticipate the area to reopen in the fall of 2016 for recreational and commercial harvesting.

Difficult decisions had to be made this year in an effort to preserve our natural oyster stock. Aside from disease the primary depletion of oysters was from harvesting for sale and personal consumption. With the approval of the Board of Selectmen, we have ended commercial oyster harvesting as well as reduced recreational harvesting activities. By allowing the oysters that are considered harvestable in size to continue to grow it will allow them to transition into females which produce eggs. It is our long term goal that with the increase in egg producing female oysters and the abundance of male oyster to fertilize the eggs that the oysters will start to repopulate naturally, along with the assistance from our aquaculture efforts. Even though commercial harvesting has ended, oysters continue to be our largest commercial fishery. Private shellfish grants and oyster farms located throughout Wareham produce millions of oysters per year. The grant holders purchase seed oysters that are grown in a managed environment then sold at market. This method has zero impact on the town's natural oyster stock and preserves it for controlled recreational harvest and helping in water quality.

We are pleased to announce that an agreement with the Bouchard B-120 Oil Spill Fund Trustees has been met with the Town of Wareham. This has been an extremely long process. However the Town of Wareham's public access and natural resources will benefit from the funding being awarded. We have also partnered with The Natures Conservancy to utilize funding that the nonprofit organization was awarded to create additional shellfish habitat in the form of an oyster reef, as well as a restoration effort for bay scallops. The awarded projects are expected to start during the summer of 2016.

Our ongoing efforts to remove illegal and abandoned mooring gear from many of our mooring fields is starting to pay off. Due to the aggressive clearing of illegal moorings we have been able to approve our largest number of new mooring applications in 30 years totaling 80 new boaters.

This spring we were able to host two boating safety courses making this our 12<sup>th</sup> and 13<sup>th</sup> boating safety course instructed by our friends at the Massachusetts Environmental Police. The two courses educated 90 boaters this year, and to date we have certified 430 new and seasoned boaters.

The Harbormaster Department operates two pump-out boats, as well as a land-based pump-out station to collect waste from boats. This program is also offered at all local marinas and the yacht club for the convenience of boaters. This service is funded in part by the Clean Vessel Act. It is a free service to all boaters, but most importantly, is helping to keep our fragile waterways clean.

I would like to offer my sincerest thank you and appreciation to the residents, Board of Selectmen, Town Administrator, our amazing and dedicated staff of the Harbormaster Department, the Marine Resources Committee and fellow municipal departments of the Town of Wareham for your continued support and cooperation throughout the year.

Respectfully submitted,

Rollin G. Buckminster Jr.  
Harbormaster  
Shellfish Constable

**TOWN OF WAREHAM**

**Wareham, Massachusetts 02571**

**INSPECTIONAL SERVICES**

**David R. Moore**  
**Building Commissioner**  
**(508) 291-3100 ext. 3194**  
dmoore@wareham.ma.us

July 18, 2016

To the Board of Selectmen:

During the Fiscal Year 2016 the Inspectional Services Department has seen a continued increase in all permit categories which have resulted in an increase in revenue. While the department has seen some staffing changes we continue to maintain a high level of service with our current staffing. We are looking forward to the replacement of the current interim Director of Inspectional Service with a permanent replacement.

The estimated value of all building permits was \$43,882,259.37, which was an increase from the previous year of \$29,266,261.43. There were permits for 34 new dwelling units in addition to the 58 units of assisted living at Rosebrook Assisted living Center.

The department also has brought in a total of \$732,729.05 in permit revenue.

	No. of Permits	Building
Building	1361	\$494,516.33
Electrical	827	\$137,818.86.
Plumbing/Gas	977	\$ 85,718.86
Weights and Measures		<u>\$ 14,675.00</u>
Total		\$732,729.05

In closing I would like to say that I have been impressed with the teamwork and cooperation with the various town and district offices. It has been a pleasure in working with all of the town employees, appointed and elected officials as Interim Building Commissioner.

Respectfully submitted

David R. Moore  
Interim Building Commissioner

**REPORT OF THE  
MUNICIPAL MAINTENANCE DEPARTMENT  
&  
TOWN BUILDINGS**

*David Menard*  
*Director*

95 Charge Pond Road, Wareham, Ma 02571  
508-295-5300 [dmenard@wareham.ma.us](mailto:dmenard@wareham.ma.us)

Honorable Board of Selectmen and residents of Wareham:

I hereby submit my report for the fiscal period  
July 1, 2015 to June 30, 2016.

Municipal Maintenance welcomes Joshua Sol to our staff, as a Heavy Equipment Operator and Stephen Boyarski, a Master Mechanic. Our staff consists of Deborah Berchtold and Mary Healy, as Administrative Assistants, Glenn Barrows, Foreman, and James Maxim as Interim Equipment Maintenance Supervisor. Two Mechanics transferred from the School Department are Theodore Nagel and William Roy. Heavy Equipment Operators are Jose Duarte, Keith Cannon, and Mark Debonise. Andrew White is a Truck Driver and the Laborers are Kevin Hunt and Roger Brousseau. Joseph Edwards is the Town Building Foreman with three custodians, Wayne Sellars, Patrick Murphy and Donny Lake.

Many of the road reconstructions projects and road repairs which the Municipal Maintenance Department completed this year as well as ongoing projects are funded through the Chapter 90 program. This program is managed through the state and is 100% reimbursable to the town. Drainage Reconstruction on Twelfth Street was completed this year along with a binder course that was placed, along with drainage repairs, to County Road. Engineering projects such as the design phase for the reconstruction of Hotel Street and Ocean Avenue is ongoing, and the drainage construction phase should begin in early September of next fiscal year. Land clearing occurred in order to begin the construction of a new salt shed storage building. An RFQ was published to seek an Engineering firm who will assist with the design of the Salt Shed.

The Municipal Maintenance Department continues to maintain the Tremont Mill Pond Dam which is regulated by the Federal Energy Regulatory Commission (FERC). We have been performing many of the requirements at this site, such as fencing and vegetation control, which is responsible for part of FERC's regulations.

The work load of the Municipal Maintenance Department consists of: street sweeping, mowing, road grading, catch basin cleaning and tree work.

The department is also responsible for maintaining three town cemeteries, which encompass approximately 30 acres of land.

Municipal Maintenance repairs over 67 registered vehicles and equipment, as well as, unregistered, lighter equipment such as lawn mowers and chain saws. In addition, we also prep equipment for snow and ice operations. This year the School Transportation transferred their fleet of fifty-two (52) buses over to our facility for maintenance. The Municipal Maintenance Department spent a lot of time moving the Transportation Department over here, as well as making room to accommodate the bus fleet. We applied for a grant through EPA which will allow the Town to purchase ten (10) new school buses.

Fifteen buildings: Town Hall, Multi-Service Center, Wareham Free Library, Spinney Memorial Library and Old Town Hall, as well as, the Police Station, the Oak Grove School, Onset Bathhouse, Onset Restrooms, the Salt Shed, 2 Cemetery Buildings and 2 Outer Storage Buildings are all maintained through this department. We are also responsible for the up keep of the Everett School, Hammond School and the West Wareham School.

Respectfully submitted,

David Menard  
Director of Municipal Maintenance

## PLANNING DEPARTMENT

The Planning Department oversees the permitting and planning functions of the Planning Board, the Zoning Board of Appeals, and the Conservation Commission. Over the course of FY2016, the Planning Department has been carrying out its responsibilities for review and permitting project proposals.

The department has been staffed by highly competent professionals. In the first half of the year, David Pichette filled the roles as both Interim Town Planner and Conservation Administrator. In the last 6 months, the Town Planner position was filled part time by, Kenneth Buckland, AICP and the full time Department Assistant position was filled by Jasmin Campos. David Pichette, and part time Department Assistant Kelly Barrasso, who also handled all the department demands in the first half of the year and serves as Administrator for the Finance Committee, continued their roles after the new staff came on board.

The Boards and Commission review and decide on permits and project construction. Information regarding the Conservation Commission may be reviewed under the Report of the Conservation Commission within this Annual Report.

Project applications have increased over the last year, possible indication of an improved environment for real estate development. All the Special Permit applications submitted and carried forward have been approved, with most of the applications before the Zoning Board of Appeals for residential and commercial projects. The construction of the previously-approved Wal-Mart store on Tobey Road has been completed and the store has opened. Bay Pointe Club, LLC, current owners of Bay Pointe golf course property in Onset, have a mixed use housing development project around the Bay Pointe Golf course in Onset that was approved by the Planning Board, but the decision was appealed. The dispute is currently in court-ordered mediation. AD Makepeace received approval to construct the American Assisted Living facility on Lot 3 on Rosebrook Way. The department has seen a relatively large number of commercial solar energy facilities. The town has no bylaws for these facilities, so the State law, which allows them prevails. The solar renewable energy tax credits are currently only available for new projects started in 2016.

The office has processed and the Boards have reviewed:

<b>Application</b>	<b>Number</b>	<b>Fees</b>
Approval Not Required (ANR) Plans	11	\$2,250
Special Permits	29	\$11,503
Variances	13	\$4,900
Site Plan Review	4	\$3,000
Appeal of Building Inspector's Decision	1	\$300

The Zoning Board of Appeals received and processed \$18,983 in application fees.

The Planning Board received and processed \$3,066.80 in application fees.

## **WAREHAM POLICE DEPARTMENT ANNUAL REPORT**

To the Honorable Board of Selectmen and  
Citizens of the Town Of Wareham:

As is the case every year, the Wareham Police Department experiences changes and continuously evolves into the public service department the citizens of Wareham and its visitors expect and deserve. During my first full year as your Chief, I have strived to maintain and continue to ensure the highest standards of professionalism and ethics, community relations, and trust that Wareham deserves are ingrained in its police department. This makes for a better spirit of cooperation and true community values.

As the opioid crisis continues to reach all areas of the United States, Wareham has unfortunately not been spared from this epidemic, which has no discretion regarding race, age, or gender. All WPD officers and detectives continue to diligently combat this deadly epidemic on a daily basis through efforts concentrated toward enforcement of laws, education, and an understanding of the crisis and its effects on families throughout Wareham.

Changes in personnel during 2015 included the addition of two patrol officers who accepted Civil Service lateral transfer offers. Officer Steven Soqui, a 9 year veteran of Acushnet, MA PD, and Officer Matthew Donovan, a 3 year veteran of Hudson, MA PD joined the Wareham Police Department in December, and have made immediate impacts, as they began what we hope will be long careers as WPD officers.

On April 11, 2016, Officer Ryan Turner began training at the Plymouth Police Academy and is expected to join the department as a full-time officer in October, 2016.

Personnel changes included the re-assignment of 13 year veteran Dean Decas to the Detective Division, where he made an immediate impact as a diligent and thorough investigator. Detective Decas has proven to be a fine addition to an already aggressive Detective Division and its continuous investigate efforts.

Animal Control is a vital division within the Wareham Police Department. Through the dedicated efforts of ACO Cheryl Gorveatt-Dill 2,140 incidents received a response, and over 1,300 dog licenses were documented. Also included in the duties of the ACO are inspections, general animal welfare checks, and countless instances of advice given to animal owners throughout town.

Communication and assistance from the community is vital and invaluable to all divisions of the Wareham Police Department, and we take great pride in knowing the public is here for us, just as we are here for them. Information, tips, and general awareness issues continue to reach WPD from concerned citizens in person and through social media outlets, which results in a more personal and productive police department to the benefit of all.

In closing, I would like to thank Town Administrator Derek Sullivan and the Board of Selectmen for their continued support and guidance, as well as all of the other Town and District Departments and municipal agencies that have provided assistance to WPD throughout the year. I would also like to thank the citizens of Wareham and each member of the WPD staff, including police, dispatch, and civilian personnel for their loyalty and dedication to the Wareham Police Department throughout the year.

Respectfully submitted,

Kevin D. Walsh, Chief of Police

## WAREHAM RECYCLING Annual Report – Fiscal Year 2016

---

Summary: The Recycling Program continued its good work in FY 2016 despite serious budgetary constraints. The number of recycler visits was 7300. The Center had 5 days of over 100 visitors and an annual high of 142 on Sept 12th, 2015. Volunteers donated 1,348 hours to the center and helped to make the operations of the program a success. Open meetings of the Recycling Committee are held on the 3rd Thursday of each month in the Multi Service Center at 6:00 P.M. Jennifer Gady continued on as chairman in 2016

Total Recycling tonnage for the Town is estimated at 900 tons which includes the Volunteer Drop-off Center (75 tons), ABC, and what the Coordinator has been able to find out from other involved units .i.e., Carver, Marion, Wareham, Rochester consolidated transfer stations and others. Tracking this is still difficult to obtain exact figures, because their data combines 5 towns!, and separating it by town is estimated.

The following report details the individual functions of the center and provides information on all aspects of the Recycling Program.

Hours of Operation: The Recycling Center opens to the public Saturdays from 9am to 1pm and on Wednesdays from 1pm to 3pm. No sticker required – recyclables only.

Center Operating Budget: The Town of Wareham decided (without much notice) to cut all funding for recycling in FY 14 and continuing into FY16. Our donations and fees from the center have improved primarily due to increased returnable cans and bottles. The 2016 revenue from these and other sources was \$7,200. The cost of operating the Center is now approx. \$8,500 per year. We have been able to operate to date due to a town meeting warrant of \$5000 which was approved by the voters in the 2015 Fall meeting. We estimate running out of funds by early 2017. We are hoping to find new sources of funding, but are hoping that the town will realize their responsibility to recycling and provide the funding that they have for the last 15 or so years. At one time the town provided a salary for the coordinator as well as operating expenses. More recently funding was cut to \$5000 per annum and then eliminated!

Thank you to all our volunteers and others who have generously donated time to our recycling center.

Volunteers: The volunteers remain committed to the Program. The total number of individuals who volunteered during the period was 27; however several were one time volunteers only 6 can be considered “permanent”. Our volunteers help recyclers with their recyclables and maintain the area by mowing and keeping the site clean and safe as directed by the Site Coordinator, John Dixon. Volunteer work is much appreciated and created a value of \$11,438 to the Town at minimum town wages (useable figures for grants). We are especially grateful for the continued help and support from Evergreen house as well as some summer residents,

Area Use:

We handled over 75 tons of recyclable materials, such as: paper, cardboard, tin, glass, packing peanuts, white goods (metal items) and plastic containers. The center also accepts several hazardous waste items including mercury containing items, fluorescent bulbs, used medical needles, paint, automobile & re-chargeable batteries, and used tires. There is no other single location in Wareham or surrounding towns that accepts all of these items. The Center has recently added electronic units (TVs, monitors, computers, laptops, routers etc.) to our accepted items

Our Book Shed is in full operation. We have hundreds of great donated books for swap or a small donation. We gladly accept any books on an ongoing basis.

The center operates a small shed which houses our swap items. We accept any working appliances or electronics as well as clean re-usable other items.

Recycling Outreach Programs:

The Recycling Committee has had continued support from Wareham High School. Honor Society and JROTC students work at promoting recycling wherever needed and volunteering at the drop off center. At this time a member of the JROTC is a permanent member of the committee. On occasion students from Tabor Academy in Marion and local Boy Scout troops have also donated their time to help with yard work and painting, etc.

The Wareham Recycling Program distributes a semi-annual newsletter called “The Recycle Bin”. This newsletter, which gives updates and recycling information, is available at the Town Hall, the Wareham Free Library, the Multi-service Center and the Drop-off center.

Recycling Coordinator’s Comments:

The Wareham Recycling committee has openings for new members. The Coordinator and the committee have been working together very hard to upgrade the service to Residents and to improve our methods to be more efficient. We invite anyone interested in becoming a member or learning more about recycling to attend our monthly meetings.

The Coordinator feels that it is important to re-emphasize the town’s requirement that all licensed trash haulers offer recycling services at no additional cost to all clients and that requests to them can be made by phone. Currently recycling services are not offered to mobile home parks and apartment complexes. At this time, there is no resolution to this problem.

Media coverage, of the recycling effort has been excellent with articles appearing in all local papers and on our local cable TV station. The Coordinator's efforts have increased in an attempt to keep recycling in the forefront of the public eye and to gain more volunteers to assist with educational programs as well as Recycling Center help. The information is provided by answering phone calls, communication with media outlets, word of mouth -- but most importantly it is provided through the actions of our cheerful, supportive, and friendly volunteers helping all who come to visit.

Submitted by Marilyn Russell, Wareham Recycling Coordinator for the Recycling Committee

## WAREHAM PUBLIC SCHOOL DISTRICT

Dear Wareham Residents,

Thank you for the gracious support you have shown to the Wareham Public School District. Our students have many wonderful educational opportunities available to them in the Wareham Schools.

Our dedicated staff are committed to providing our students with a rigorous and relevant education thus preparing our children for their future.

Thank you again.

Respectfully submitted,

Dr. Kimberly B. Shaver-Hood, Superintendent

### **Wareham High School**

Wareham High School had ten students enrolled in our Dual Enrollment Program with Bridgewater State University. Our students take four classes per year and transportation is provided through a grant from the Makepeace Neighborhood Fund. Classes run in the morning and students return for afternoon classes at Wareham High School. We are happy to also report that AD Makepeace once again partnered with BSU and WHS for the 2016-2017 school year to support the transportation of our BSU students to the Bridgewater campus.

We had twenty six students enrolled in our 8<sup>th</sup> Grade Dual Enrollment Program; students took two high school classes each morning then returned to the middle school for their remaining classes. The students who took this academic challenge will start their freshman year at WHS with 20 high school credits as a result of their efforts.

Students in the freshman class began creating digital portfolios as opposed to traditional portfolios which are a graduation requirement. Our most popular elective class was once again Culinary. Students enrolled in this class have an opportunity to learn from a much acclaimed chef who teaches skills that extend beyond the classroom. All students will receive a Serve Safe Certification and can move on to more advanced culinary classes in the school.

Wareham High School had visits from students from China at two different times during this past school year and many staff and community members hosted these students in their homes. The cultural exchange was a benefit to all. Some students visited Costa Rica with one of the science teachers; others traveled to Sweden, and our seniors took a class trip/cruise to the Bahamas. Seventeen other students have been busy and excited to plan their upcoming trip to Ireland and Scotland in April of 2017.

The DECA program once again had a very competitive season; over four hundred students are involved in this program. Wareham High School sent twenty three students to the national competition in Nashville, Tennessee, and one student placed in the top ten of this international competition.

Over 450 students are involved in at least one of our twenty-six clubs and/or twenty-two athletic programs. Our JROTC program provided more than one thousand combined hours of community service in the town and surrounding areas. Our Key Club is in its second year and has been recognized

for their community service efforts as well.

Throughout the year our staff has been focused on two types of training: technology training as we start the one-to-one technology initiative for our students during the 2016-2017 school year, and International Baccalaureate training as we move from an IB Candidacy School to an IB Diploma School in August of 2017. Our AP program continues to expand its offerings including adding two additional STEM-related AP courses. Additionally, our Program of Studies now includes an Engineering course as another option for our students.

Our School-to-Career program continues to offer students career-related on the job training and has expanded to include internships as well, with several students in the field of communications receiving real-world experiences and responsibilities.

On June 2, 2016 the Wareham community generously supported our students by providing over \$300,000 in local scholarships to graduating seniors from the Wareham High School Class of 2016.

### **Wareham Middle School**

There were a number of significant accomplishments at the Wareham Middle School throughout the 2015-16 academic year. Academically, the 7th grade STEAM Academy used an interdisciplinary learning model to research and gather data on the local oyster population and their findings were presented at the Oyster Festival. STEAM offerings were expanded to Grade 8 and included a computer science course provided by a Verizon grant. Dual enrollment allowed other 8<sup>th</sup> graders access to High School courses and at the Cranberry Harvest these students presented different phases of cranberry growth, harvesting and product marketing. Enrichment during the school day continued to play a central role in the lives of our Middle School students. Some of the activities included French, Yoga, Cooking, Marine Science, LED Lighting and Lego Robotic. Field trips supported the curriculum as our students visited the Berklee Center of Performing Arts, Nature's Classroom and the Museum of Fine Arts. Some of our students ventured as far as Finland to better understand the Scandinavian education system. For the second year, our students collaborated with the Manometer Bird Observatory to collect data to add to a national study on climate change. We have on campus two fully functional cranberry bogs that were designed and built by our students. Our outdoor classroom is almost complete! We are also pleased to report that we had two student-designed robots compete in the VEX robotics regional competition, and we had two teams participate in a regional Destination Imagination competition.

The arts are alive and well at WMS. The spring production of *Annie* was spectacular and we had over ten student acts in the talent show. Some of our Middle School students were also recognized for their accomplishments in and outside the classroom. Following 130 entries for the Middle School Science Fair from all four grades, two of our students qualified for States and one qualified for Nationals. One student won at the local and regional levels. We also had students selected to attend the *Fuel Up to Play 60* regional summit at Gillette Stadium and one was awarded the title of National Ambassador for his outstanding work with this organization. He will attend Purdue University this summer with Ms. Stahmer and will receive training about nutrition and movement. We also had a student nominated to be our Project 351 Ambassador. Our students continued to recognize the value of community service by engaging in the Peer Tutoring/Mentoring program through Beyond School Time as well as by assisting with the Wareham Veteran's Council program to replace flags at local cemeteries. We look forward to build upon these student achievements in the 2016-17 school year.

## Minot Forest

During the 2015/2016 school year, Minot Forest implemented changes with the Leadership Team. In addition to the standard Assistant Principal position, the former Instructional Leader positions were converted to one Assistant Principal of Academics. With this position, we were able to focus on new initiatives such as Google Expedition, Google Classroom, Blended Learning, piloting and observing two math programs, observation and evaluation of classroom teachers, assessment scheduling and data conferencing with teachers, to name a few. The Early Childhood Coordinator position was changed to an Assistant Principal of Special Education. This position had a strong connection to our preschool program, including screening of students and conducting home visits. Observations and evaluations of all special education staff were conducted as well as the Assistant Principal attending many team meetings. With this leadership, Minot Forest was able to maintain the preschool NAEYC accreditation and will be starting a new 5 year cycle for the next school year. A new curriculum is being researched for our preschool program for the following year and site visits were completed to assist with this decision. Technology use was increased and we were very fortunate to have 1:1 Chrome books for our entire grade 3 and 4 students. Students used them throughout the day for technology class, research, math and reading practice, and accessing the related math/reading program websites for instruction.

Two main building projects were completed. The four 30+ year old portable classrooms attached to the main building were demolished. This project was completed with the help from the Municipal Maintenance Department. Minot Forest also was accepted into the invitation process for a building project through the Massachusetts School Building Authority (MSBA). At the spring town meeting, voters approved the next stage of the project, the Feasibility Study. We are grateful for the town's support of this project. As required, a building committee has been established and the Feasibility Study process will continue into the next school year.

## Decas

At our school, we believe every *child* deserves to be healthy, safe, engaged, supported, and challenged. That's what a *whole child* approach to learning, teaching, and community engagement really is. The 2015-2016 school year saw advances in many areas.

- **Healthy** - All students were provided free breakfast daily through the Breakfast in the Classroom program with funding by the EoS Foundation. Students and staff alike reported increased levels of readiness to start their day.
- **Safe** – Thanks to the support of our town, the MSBA project to replace and repair the boilers and the roof in the E corridor is well underway. All preparatory documents are complete with construction slated to begin this fall.
- **Engaged** - Through the implementation of our new POWER program, we worked to increase students' ability to be Productive, Organized, Willing, Engaged, and Responsible. Our POWER teacher met with students weekly to support the concepts of this class. Teachers also piloted the "team teaching" model. In this model, two classes work together to form flexible groupings aimed at the strengths and needs of our students.
- **Supported** - Teachers used data obtained through FAST testing to inform their instruction and support student learning. We implemented the use of progress monitoring for students with needs. Additionally, a number of students were supported through our growing mentoring program. Individual students benefited from having a weekly meeting with their mentor, an adult volunteer invested in their well-being.

- **Challenged** – Staff were trained in the Focus on K2 program, a project-based approach to learning being used with great success in the Boston Public Schools. This program will serve all students in Grades K-2. We currently have full implementation at the K level, partial implementation at Grade 1, and will roll out the program to Grade 2 this coming year. As a result of this program, children are experiencing their learning through center-based challenging and engaging lessons and activities. In our second year with our STEAM program, we added a STEAM Night. This sharing and showcasing event was well attended by students, staff, and parents. Lastly, we conducted three Student Learning Expedition events throughout the school year. Students were able to share with adults work of which they were especially proud.

The entire Decas family looks forward to the year ahead and developing in ways that will continue to make our family, friends and the greater Wareham community proud!

**WAREHAM VETERANS' COUNCIL**  
**Annual Report for Fiscal Year 2016**  
**(For the period 1 July 2015-June 30, 2016)**

For the fifth year the ad hoc Veterans Day Committee, chaired by Ms. Sharon Boyer and supported by Ms. Ilene Klaver, Mr. Julio Roderick (Veterans Council member), Mr. Paul Geigle and Mr. John McGonnell conducted a successful Veterans Day Program. The traditional parade wisely was cancelled since the weather forecast was for 100% rain (and rain and blow it did). The ceremony was relocated to the auditorium in Town Hall. A number of interesting displays and exhibits were presented for the first time to enhance the indoor program. The luncheon for veterans continued in the Multi Service Center as planned. This Committee has annually assisted the Council with the Veterans Day program since November 11, 2011.

Representing all Wareham veterans as the Grand Marshal for 2015-16 was Wareham resident Mr. Phillip Strawn, a veteran of Korean War service. Grand Marshall Strawn did an outstanding job performing the many requirements of his position during 2015-16.

The Council organized and executed the removal of all American flags from veteran's graves during the period November 15 - December 1, 2015. It is anticipated that this organized process will alleviate the deplorable condition of the flags experienced in the spring of 2015. Supporting this effort was a group of Wareham Middle School students lead by Ms. Jessica Andrews, community volunteers and Council members. The Council was successful in its recommendation to the Cemetery Commissioners that their body of regulations be changed so that the flag removal could be accomplished in a timely and thorough manner by December 1.

In December 2015 Mr. Vernon Ingraham, 2012 Grand Marshal passed away. Vern was a member of the Council until February 2015 when the new Council was appointed. A gentle person, author, poet and respected academic, he enjoyed the respect of all with whom he had contact. We will miss his friendship and wisdom.

On Feb 2, 2016, the Board of Selectmen appointed Joseph (Skip) Sarnelli to the Council to fill a vacancy created when Pastor Colon Wright resigned and returned to Syracuse, NY.

During early May, Council members and volunteers, coordinated by Cadet Tyler Litchfield, JrROTC associate member, visited the cemeteries in town and placed medallions marking veteran's graves. Several days prior to Memorial Day students from the Wareham Middle School lead by Ms. Jessica Andrews distributed American flags to the veterans' graves in the St. Patrick's and the Town's three cemeteries. This activity has become a tradition with Ms. Andrews and the Middle School students.

Memorial Day 2016 was to be recognized with a series of nine brief ceremonies and the placing of wreaths consistent with Wareham tradition. Unfortunately the weather intervened during the morning and the official schedule was cancelled. When the weather permitted, later in the afternoon, a small group headed by Mr. James Bruce, Ceremony Detail Commander accompanied by Steve Ruiz, Veterans Council member, Michelle Ruiz, Council supporter and Zarien Amhed, Wareham Week reporter, accomplished the wreath laying.

The “Adapt a Vet” program of video recording hour long interviews with local veterans continued under the auspices of Wareham High School Army JrROTC and Wareham Community Television (WCTV). During this “edition” of the ongoing program approximately twelve veterans were interviewed. When the post production process is completed, copies of the DVDs will be placed in the Wareham Free Library (WFL).

A video recorded tour of Wareham monuments and dedicated sites program progressed with the support of the JrROTC program and WCTV. The development of “historical narratives” of the cited individuals is underway through the efforts of JrROTC and several local historians.

The Council anticipates hosting a half scale replica of the Vietnam Memorial during the middle of August 2017. Negotiations locally and with the organization providing the “Wall” are underway and will be ongoing during the months to come.

The Council continues its efforts to solicit the participation of a Cadet from the Mass. Maritime Academy in Bourne. Several outstanding Cadets have expressed interest in being available in the fall. The inclusion of young Associate Members is consistent with the Council’s objective of engaging succeeding generations in continuing what have been some time honored traditions and observances.

Respectfully submitted,

William R. C. White  
Chairman

## REPORT OF THE FINANCE DIRECTOR/TREASURER/COLLECTOR

### Professional Office Staff:

John D. Foster, Finance Director/Treasurer/Collector  
Tracy Donovan-Lynch, Assistant Treasurer/Collector  
Joni Martini, DA IV  
Corinne Tracey-Fijalkowski, DA III

Grace Hatch, DA III  
Michelle Pozza, DA III - PT

The total amount of Fiscal Year 2016 Tax Assessments collected as of June 30, 2016 was \$43,377,887.59. Included in this total was \$5,360,423.03 collected and turned over to the Wareham Fire District and \$1,975,805.35 collected and turned over to the Onset Fire District.

The total amount of Fiscal Year 2016 Personal Property tax collected as of June 30, 2016 was \$1,855,686.31. This total includes \$237,101.40 collected and turned over to the Wareham Fire District and \$73,060.37 collected and turned over to the Onset Fire District.

The total amount of Tax Title, Interest, and Fees collected for the Town was \$809,943.30, Wareham Fire District \$113,485.00 and Onset Fire District \$21,055.19.

The Treasurer/Collector's office is also responsible for collecting fees. The account titles and their respective fiscal year 2016 totals are indicated below.

Bourne Sewer Usage – Charges for Services	\$ 464,895.35
Rental Revenue	135,042.23
Manufactured Home Fees – In lieu of RE Tax	149,844.00
Municipal Lien Certificate Fees	57,200.00
Shellfish Grant Revenue	1,517.00
SEMASS – Charges for Services	100,614.20
Septage Disposal – Grease	274,086.94
Septage Disposal – Hauler	234,653.77
Sewer Betterment Unapportioned Principal	250,894.63
Sewer Betterment Unapportioned Interest	5,731.34
Chapter 61A – Rollback Taxes	16,584.51
Sewer Lien Certificate Fees	284.00
Sewer Usage - 2016	5,053,719.97
Title 5 Release Certificates	24.00
Title 5 Unapportioned Principal	77,312.32

In addition to collections, the Treasurer/Collector's office also serves as the Town of Wareham's cash manager. In this role the office maintains custody of all municipal funds and possesses responsibility for the deposit, investment and disbursement of these funds.

Submitted with this report is the town's calendar year 2015 payroll report, the June 30, 2016 quarterly cash report, the fiscal year 2016 statement of indebtedness, and the fiscal year 2016 tax rate recapitulation sheets.
